

AMERICAN MACHINE GUNNERS WIPE OUT GERMAN BATTALION

WITH THE AMERICAN ARMY ON THE AISNE-MARNE FRONT, Aug. 6.—By the Associated Press.—American machine gunners protecting a location on the Vesle, west of Fismes, wiped out an entire battalion of German infantrymen and machine gunners today. The Germans, at the time were getting into position to attack a group of American bridge builders who were approaching the location.

Some bridge material already has been moved near the south bank of the Vesle and the Germans apparently discovering this fact had sent a battalion to a hill position to prevent the Americans carrying out their plan. A detachment of crack American machine gunners, however, previously had taken an elevated position commanding the location and opened fire when the Germans appeared. Observers reported that they did not see a single German get away from the leaden hail, and, according to the last accounts not even enemy stretcher bearers approached the scene. The Germans replied so feebly with their fire because of the surprise that there were no American casualties.

Accuracy of American Fire Repels All Counter-Attacks.

WITH THE AMERICAN ARMY ON THE AISNE-MARNE FRONT, Aug. 6.—By the Associated Press.—With their backs to the Aisne the Germans continued preparations today for what may be either a stiff resistance to give him more time for further withdrawal or for a definite stand. Minor actions along the American portion of the front and in the adjoining French sectors marked the day.

The little force of men who were sent into Fismes still maintain their foothold altho they are not yet across the river, which flows thru the extreme north portion of the town.

Under a heavy barrage all their wounded have been taken out and during the night food was taken to them. The Germans have been unremitting in their efforts to dislodge the Americans, hounding the town with shells and deluging it with gas.

Numerous efforts have been made to retake the position but in every instance the accuracy of the American fire, both of the supporting artillery and the small arms of the infantry within it drove back the enemy. To the east and west of Fismes the Americans have continued their reconnaissance work.

Near (town deleted) a few men have remained and another force is on the hill over the river near Fismes.

Reports received from the French sectors indicate virtually the same situation from Soissons to Rheims.

Clearer weather resulted in more aerial activity for a few hours, but the clouds reappeared and the rain again began to fall and the aircraft were forced to suspend operations. The Germans immediately seized the opportunity of the few hours of the good weather to send over planes for photographic purposes and incidentally to shoot up the allied transports. These planes in every case were quickly forced back by anti-aircraft guns.

Franco-American planes also did some observation work north of the Vesle. The engineers have mobilized equipment for their part of the advance and reports from far back of the line indicate that all elements of the allied forces will be immediately available. From the German side observers have reported wagon trains in large numbers moving over some of the roads toward the rear. This is not construed as conclusive evidence that the Germans still are in retreat. But this fact and the further fact that up to date the Germans have not used at all extensively any but their small and medium calibre guns tends to support the belief that the crown prince really intends to make the Aisne the objective of his line of retreat. The present positions of the Germans are excellent for defense however, and it is regarded as not improbable that they will dig in right there.

The few big guns which have been used by the Germans are in positions far back near Aisne. The clearing up of the big field of retreat has netted in one-half of the territory advanced over by the Americans alone fifteen train loads of ammunition and general supplies.

STATEMENTS

Official Communications Issued By Belligerent Countries Regarding War Situation.

PARIS, Aug. 6.—Aside from artillery activity east of Soissons and on the Vesle river there is nothing to report from the whole of the front," says the French official communication issued this evening.

The remainder of the communication follows:

"Army of the east, Aug. 5: There has been artillery activity on the Struma, Vardar and the Cerna Bend and to the north of has not renewed his attacks. Monastir. In Albania the enemy "British aviators have brought down an enemy airplane and also have bombed enemy depots in the Struma Valley."

LONDON, Aug. 6.—The Germans, by a strong local attack against British positions along the Braye-Corbie road north of the Somme succeeded in taking advanced trench lines on a small portion of the front. Local fighting continues in this area and the British have taken a few prisoners according to the war office statement today.

The text of the statement says: "At dawn this morning the enemy launched a strong local attack against our new positions south of Morlaucourt, astride the Braye-Corbie road. The assault, delivered by a division from the reserve, succeeded in carrying our advanced trench lines on a por-

SENTENCE MALVY TO FIVE YEARS BANISHMENT

Found Guilty of Holding Communication With the Enemy

PARIS, Aug. 6.—Louis J. Malvy, former minister of the interior was found guilty today of holding communication with the enemy and sentenced to five years' banishment. The sentence however, does not carry civic degradation.

Louis J. Malvy, minister of the interior in the Viviani, Briand, and Ribot cabinets, was reckoned one of the most astute political figures in France.

It was in July, 1917, that his position was first assailed. At that time, M. Clemenceau, now French premier charged that Malvy was spreading defeatist propaganda among the troops and Malvy's resignation of his post as minister of the interior was announced early in August.

M. Clemenceau's charges against M. Malvy followed the arrests of Miguel Almeraya, editor, and M. Duval, director of the newspaper Bonnet Rouge, upon the latter of whom was found a check for a large sum of money, the source of which he admitted to be a German banker named Marx of Mannheim. Almeraya later was found dead in his cell apparently a suicide. M. Malvy was much criticised for having had confidence in such persons and for having granted passports to Duval for numerous trips to Switzerland while the Bonnet Rouge was printing articles in defense of Germany. It was estimated that Duval had brought sums aggregating 500,000 francs from Switzerland, of which 200,000 francs went to Almeraya. Duval was recently found guilty of treason and shot.

The trial was begun before the senate on July 16, 1918. M. Malvy being called upon to answer to charges of high treason and having communicated with the enemy. A few days later the charge of high treason was withdrawn by the prosecutor who, however, maintained that Malvy was responsible for several cases of mutiny in the army and was guilty of communicating with the enemy. During the trial former premiers Viviani, Briand and Ribot testified in favor of M. Malvy, as did also M. Painleve who succeeded M. Ribot as premier on the latter's resignation which was due to the Malvy affair.

During the trial in the fighting on the Soissons-Rheims sector the Germans are believed to be moving their main bodies northward to the positions they have chosen for a stand and doubtless the German crown prince is endeavoring to reconstitute as well as he may, his badly shattered armies.

An inkling of what the Germans have lost in men, made prisoner and guns captured by the allies had become public thru an utterance of the French premier at a session of the ministerial council at which General Foch was made a marshal of France.

"Thirty five thousand prisoners and 700 cannon have been captured," said the premier who added that Paris no longer was in danger, that Soissons and Chateau Thierry had been reconquered and that 200 villages had been delivered thru the formidable thrust of Foch's men thru the Soissons-Rheims salient.

Much interest attaches to the maneuvers of the Germans and the French and British troops with the latter of whom some Americans are believed to be brigaded in front running from Montdidier to the region around Ypres. Ultimately the operations here may have a strong bearing on those now in progress in the south and the allies keep up their successful thrusts and the Germans continue to withdraw, complete realignment of the entire battle front.

The French north of Montdidier have crossed to the west side of the Aisne river between Braches and Morisel. Here a fairly deep penetration into the German line would become a direct menace to the junction point of the armies of the German crown prince and of Crown Prince Rupprecht. On both sides of Amiens, where the Germans have given ground they now are heavily shelling British positions using quantities of gas, evidently with the intention of preventing an attack in force.

In Monday night's attempted Zeppelin raid on London one of the big dirigibles was sent crashing in flames down, was the early arrival of the air ships. Two of them were actually seen approaching the coast by holiday makers from the promenade of a widely known seaside resort. It is considered possible that the Germans miscalculated the visibility and by arriving before dark invited a speedy defeat.

Airplanes immediately went in pursuit and the Zeppelins, throwing out smoke clouds, turned northward and endeavored to escape. They were overtaken some forty miles from the shore and just before midnight one was brought down in flames and another damaged.

After partial thrusts without success the enemy yesterday advanced with strong forces to attack against the Vesle section on both sides of Braines and north of Jochery. We drove them back in a counter-thrust out of small sections of wood on the north bank of the river in which they had temporarily located themselves. Several hundred prisoners remained in our hands. The enemy's attacks had already collapsed under our artillery and machine gun fire before reaching the Vesle."

AMSTERDAM, Aug. 6.—Twenty-nine British officers recently escaped from a prisoners' camp at Holzminden, according to the Osnabrueck Tagblatt and are still at large. They made their escape thru a subterranean passage which it took the officers nine months to dig.

A big reward has been offered by the commanding general in Hanover for their re-capture.

WAR SUMMARY

News of Activities On Various Battle Fronts in Summarized Form By Associated Press.

Conditions on the battle front along the Vesle River between Soissons and Rheims remain unchanged and relatively speaking there have been no developments of outstanding importance on the line running from the region of Montdidier toward the English channel. In both regions, however, there is a tenseness which seems to forecast the approaching dawn of big events.

The bad weather—heavy rain falls, the swollen river, and the resultant wretched condition of the terrain with which the allied troops along the Vesle now have to contend, not to mention the necessity of bringing up guns, ammunition and supplies which were left far behind in the rapid advance—doubtless is having more to do with the holding in leash of Marshal Foch's troops than the opposition the Germans are throwing in their way.

The Germans have been shelling heavily the American and the French soldiers who have made their way across to the northern bank of the Vesle, or delivering heavy counter-attacks against them, but everywhere they have met with a stonewall of resistance that has not permitted them to counter-balance their losses of ground.

There also have deluged the southern line of the stream, with shells of all calibers including gas projectiles, and even have brought their famous flame throwers into play but all to no purpose. The allies everywhere have remained firm in the ground they have won.

But the Germans have not been permitted by the allies to have a moment's respite. Where they have thrown shells against the Americans in the Fismes sector, American missiles have been returned with added interest. This particular sector has been a veritable inferno. Gas in large quantities was released against the Americans who, with their gas masks adjusted were virtually unharmed by the noxious fumes. A kindly switch in the wind at one time even turned back the gas on the enemy. The French also have answered the Germans in kind.

During the hiatus in the fighting on the Soissons-Rheims sector the Germans are believed to be moving their main bodies northward to the positions they have chosen for a stand and doubtless the German crown prince is endeavoring to reconstitute as well as he may, his badly shattered armies.

An inkling of what the Germans have lost in men, made prisoner and guns captured by the allies had become public thru an utterance of the French premier at a session of the ministerial council at which General Foch was made a marshal of France.

"Thirty five thousand prisoners and 700 cannon have been captured," said the premier who added that Paris no longer was in danger, that Soissons and Chateau Thierry had been reconquered and that 200 villages had been delivered thru the formidable thrust of Foch's men thru the Soissons-Rheims salient.

Heat Records Are Smashed In North East

WASHINGTON, Aug. 6.—High temperature records that have marked the limits of heat waves during all the period of official observance in the northeastern quarter of the United States were broken today. Washington and Baltimore by weather bureau thermometers experienced a temperature of 106 degrees a point not even approached by the mercury since 1881, and not reached them. In Detroit, Mich., Harrisburg, Pa., and Toledo, Ohio, with temperatures of 104, new records were established as did Scranton, Pa., and Cleveland, Ohio, which each officially registered 100.

On Pennsylvania avenue in the national capital one of the weather bureau's own instruments during the day marked 114 degrees. The hot wave owes its existence weather bureau officials said to an area of low barometric pressure which has been moving from west to east across the continent staying just a little north of the normal track and suffering no competition from other disturbances to the south. In consequence there has been a great and constant flow of the air currents up the continent, from south to north which have gathered the accumulated heat that many days of unbroken sunshine has left on the mid-continent territory.

There was just a chance, it was said, that a West Indian hurricane now developing along the gulf coast and doing some damage in Louisiana and Texas might break the way of the northern low and change the airflows, but in expert opinion the storm was too weak to accomplish the result.

Several Deaths in New York.

New York, Aug. 6.—The second day of intense heat, which raised the mercury to a maximum of 93 at 3 and 4 p. m., and the death of several persons here today and prostrated more than a score of others. There was a general exodus to bathing beaches and so dense was the throng which made its way to Coney Island, that many women fainted while waiting for cars and numerous children became separated from their parents.

Many persons who found a vacant spot on the torrid sands, prepared to spend the night there, hoping for a sea breeze.

Seven Deaths in Chicago.

Chicago, Aug. 6.—The second day of the worst August heat wave in Chicago's history resulted today in seven deaths and scores of prostrations. The government thermometer registered 101 degrees at 4 p. m., only one degree below yesterday's record. On the streets the temperatures were approximately ten degrees higher.

While thousands of persons quit work to flock to the bathing beaches, firemen were called upon to combat two fires both attributed to the heat. The tar roof of a large downtown hotel caught fire early in the evening, but the flames were extinguished without great loss. Earlier in the day a block of frame houses in an outlying section caught fire, causing a loss estimated at \$50,000.

At 9 o'clock tonight the mercury stood at 92 degrees, several degrees higher than last night and the city parks were thrown open for all who desired to sleep in them.

TROTTER DISCHARGED.

Chicago, Aug. 6.—Harry Trotter, one of the defendants in the I. W. W. conspiracy trial, was discharged by Federal Judge Landis today. Trotter, who is said to be suffering from an incurable disease, appeared on the verge of physical collapse.

Dean Buckner, of Minneapolis, another of the defendants, while on the witness stand, said that he still held the opinion expressed in one of his letters that "saboteurs are better lawyers in the fight against capitalism."

INCLUDED IN PLATFORM.

Honolulu, T. H., July 23.—Endorsement of woman suffrage and the bill enacted recently by congress making the territory of Hawaii dry from August 20, until two years after the war, were included in the platform of the republican convention which met here yesterday. Prince J. Kuhio Kalaniana'ole, delegate to congress, was endorsed for re-election.

Unqualified support of the administration's war program was pledged and extension of the federal farm loan act to the territory was urged.

FIRE AT BLACKSTONE.

Streator, Ill., Aug. 6.—The loss resulting from the fire at Blackstone, ten miles south of here last night was placed at \$50,000 today. A block in the business district was wiped out.

ACCEPTS CHALLENGE.

Milwaukee, Wis., Aug. 6.—Jack Dempsey today accepted the challenge issued by Tom Gibbons, boxing instructor at Camp Meade, Md., last night, and declared he would meet Gibbons in a ten round fight here any time the latter desired. Dempsey said he would donate his share of the receipts to the war fund, as Gibbons announced he would.

LAUNCH DESTROYER.

Squantum, Mass., Aug. 6.—The McDermut, second of the destroyers under construction at the Squantum plant of the Bethlehem Shipbuilding Corporation to take the water, was launched today. The Delphy was sent down the ways nineteen days ago.

GOVERNMENT WAR COFFERS FILLED WITH TAX RETURNS

Shows Total Internal Revenue for Year

\$3,694,703,000

Washington, Aug. 6.—How the government coffers were filled with billions in taxes gathered from a wide variety of sources ranging from stamps on playing cards to huge levies on express profits, was shown in detail today by a report of Internal Revenue Commissioner Roper to Secretary McAdoo for the year ending June 30. The internal revenue for the year amounted to \$3,694,703,000, of which \$2,839,083,000 came from income and excess profits tax payments in June and \$855,619,000 from a multitude of miscellaneous sources, collected largely in pennies, dimes and quarters added to the prices of various articles paid by consumers and poured into the treasury by retailers, wholesalers or manufacturers to help meet war costs.

Huge as these taxes seem in the aggregate, collections for the entire year were only enough to pay the nation's bills for two and a half months of the war at the rate the government is now spending money. Next to income and excess profits taxes the back bone of the revenue schedule—liquor taxes brought in the most money, \$443,838,000, including \$317,553,000 from whiskey, brandy, wine and spirits, and \$126,285,000 from beer and other fermented liquors. Taxes on cigars, cigarettes and other tobacco products yielded \$156,188,000. The biggest yield from other sources came from levies on transportation and utilities, which went into effect November 1, amounting to \$70,734,000, divided as follows:

Freight, 3 per cent.	\$30,002,000
Passenger tickets, 8 per cent.	24,306,000
Express, 5 per cent.	6,458,000
Berths and state rooms, 10 per cent.	2,236,000
Telephone, telegraph and radio messages, 5 cts. each	6,299,000
Oil pipe lines, 5 per cent.	1,433,000

Levies on estates of deceased persons brought in \$47,452,000, and it is proposed to increase this considerably in the next revenue bill.

Amusements, such as theatres, cabarets, pleasure parks and dance halls, taxed at virtually 10 per cent on the admission price, yielded the eight months \$26,357,000.

A noticeable feature of the report was the item of only \$12,995,000 collected in excise taxes on sale of articles usually classed as luxuries—piano players, moving picture films, jewelry, perfumes, cosmetics, proprietary medicines, chewing gum, cameras and yachts.

The taxes on the capital stock of corporations last year amounted to \$24,960,000. On manufacturers or dealers in automobiles and motorcycles \$23,981,000; on munition manufacturers, \$13,296,000; documentary stamp taxes, imposed since December 1, 1917, produced \$18,813,000.

Club dues, taxed at 10 per cent, yielded \$2,559,000; insurance policies amounted to \$6,492,000; on oleomargarine, \$2,236,000.

The volume of taxes collected during the year is shown by comparison with those of the year preceding, when total collections were \$509,393,000.

WARILDA HERO IS QUINCY MAN

QUINCY, Ill., Aug. 6.—Captain James P. Beatty, mentioned in connection with heroic work in rescuing survivors of the British ambulance ship Warilda yesterday is of this city, son of Mrs. Sarah H. Beatty of Quincy. He ran away from home during the Spanish-American war and while under age enlisted at East St. Louis, Ill. He served in a southern training camp but did not go to Cuba. Returning he joined Company F. I. N. of Quincy and gradually advanced to commissary captain of the 8th Regiment, I. N. G. He was the original captain of the machine gun company, I. N. G., organized two years ago. He has seen 16 years service.

FINDS HUSBAND AFTER A LONG SEPARATION

ST. LOUIS, Mo., Aug. 5.—Mrs. Zeal Phelan of this city recently learned that a man she buried as her husband following the Galveston flood in 1900, was a total stranger to her. Following the burial of the man, Mrs. Phelan married R. E. Harden, who died here a month ago. Mrs. Phelan a few days ago discovered Phelan in the Illinois State Hospital at Alton.

Mrs. Phelan said her husband had become mentally unbalanced by a blow received during his rescue in Galveston. She said he wandered about the country in search of her and was finally placed in the Alton asylum. The sudden meeting with his wife at the hospital restored Phelan's memory, so his wife obtained his release. They are now living together.

TROPICAL HURRICANE SWEEPS THRU TEXAS; ONE DEATH REPORTED

BULLETIN

LAFAYETTE, La., Aug. 7.—A telephone message received here early today (Wednesday) from Lake Charles said that the loss in that city from the hurricane will exceed \$1,000,000. The wind velocity reached 120 miles an hour and continued for nearly fifteen minutes at that speed.

BULLETIN

LAKE CHARLES, La., Aug. 6.—Reports from the Gerstner Aviation Field say the buildings there were completely wrecked. No loss of life was reported.

BEAUMONT, Texas, Aug. 6.—According to stories told by trainmen and passengers on Southern Pacific Train No. 5, which reached here from New Orleans nearly four hours late, arriving at 9 o'clock tonight, Lake Charles, La., and vicinity suffered great damage from a tropical hurricane which struck that city about 3:30 o'clock this afternoon.

It is reported one man is killed at Lake Charles and perhaps others.

It is said the storm struck the main line of the Southern Pacific a short distance beyond Lake Charles and that damage was caused westward as far as Vinton. All wires eastward from Beaumont were reported down and trains difficulty in moving.

Gerstner Field, a large government aviation camp, is twelve miles from Lake Charles but no reports as to the damage there were available.

Eighty Mile Wind Razes Buildings

HOUSTON, Texas, Aug. 6.—An eighty mile wind had swept over Vinton, La., ten miles east of the Sabine river and 37 miles east of Beaumont this afternoon. Several structures including a rice warehouse went down.

The wind at Vinton soon diminished. Winds and heavy rains were reported all the way west to Crosby near Houston.

Telegraph and telephone wires went down east of Echo 20 miles east of Beaumont. Wires were also reported down between New Orleans and Lake Charles, La.

Gerstner Training Camp Badly Damaged

HOUSTON, Texas, Aug. 6.—That Gerstner Field training camp for aviators, was badly damaged and that property losses in and around Lake Charles, La., would amount to approximately a million dollars was the information received at the general offices of the Southern Pacific in Houston late today.

BRITISH SEAMEN MATCH FOR GERMAN CUNNING

Revelations Regarding Work of Mystery Ships in Anti-Submarine Warfare.

London, Aug. 6.—Interesting revelations regarding the work of British ships which have played an important part in anti-submarine warfare are made by the naval correspondent of the Times. They show how British seamen have met German craft and cunning with craft and cunning.

Until this week the public has known nothing about the mystery ships, known in the navy as the "U-boats," altho several officers, notably Captain Gordon Campbell, have been decorated for their services on these vessels.

Details can now be made public, as the Germans are becoming aware through bitter experience of the methods used against them.

How a "woman and baby" accounted for a U-boat is told by the correspondent. The submarine ordered a vessel to surrender and fired a few shells into her. The boats then left the ship leaving on board a woman who ran up and down the deck with a baby in her arms, and the woman hurled the "baby" into the open hatch. The "baby" exploded and blew out the bottom of the submarine. The "woman" was decorated with the Victoria Cross.

The correspondent says that the first mention of a mystery ship was in the case of the Baralong, which on August 19, 1915, sank a U-boat after the torpedoing of the British liner Arabic. It will be remembered, he says, that the German government protested there was nothing to indicate the Baralong war like character. The Baralong case was probably not the first in which a ruse was used and since then the disguising of armed vessels as innocent merchantmen for dealing with submarines has attained considerable dimensions.

"Howls and moans," adds the naval correspondent, "went up in Germany about the treachery of British seamen, but the German allegations curiously ceased at the beginning of 1916. These allegations are a typical example of German mentality, for they ignored the fact that in every case the U-boat was an actual or potential assailant and any ruse of war is considered legitimate by them except when employed against Germany."

It should not be forgotten, he continues, that the Germans designed mystery ships for counter-mine destruction. The British commanders showed much ingenuity in devising plans for trapping submarines.

In addition to the "woman and baby" case, the correspondent mentions the story of a retired admiral, serving as a captain, who placed a haystack on board an ancient looking craft. When the U-boat ordered her to surrender, the Germans were astonished to receive a broadside from the haystack.

On another occasion a sea worn tramp steamer was crossing the orth sea, when a submarine ordered the crew to abandon ship. So sure was the German of his prey that the bombs with which he intended to sink the vessel were brought on deck around the conning tower. The commander of the tramp steamer, by careful maneuvering brought the submarine within range of his concealed armament, so it required only a shell or two to explode the

McAdoo is becoming over-burdened in attempting to carry his numerous jobs.

What plausible stories can German newspapers tell the people of that country about the Kaiser's "glorious retrograde" movement in France. It will be difficult.

Huns pronounced Americans as clumsy, untrained defensive fighters. But they seem to have failed on the defensive, being better trained in aggressive ways and in advancing several miles a day.

The University of Illinois Agricultural Experiment Station at Urbana has sent out circular No. 225, giving the best methods for the selection and the storage of seed corn. The pamphlet is

abundantly illustrated and cannot fail to be of value to the farming community.

General Haig, commander of the British army on the western front declares the crisis has passed and the turning of the tide come, that the Allies, with assistance of Americans have overcome the difference in numbers and German man-power is on the wane. We hope the general is a true prophet.

The Kaiser's "most glorious victories" on the sea seem to be composed largely of the sinking of hospital ships. The Huns are experts in demolishing hospitals, churches, Red Cross ships, and mutilating babies. That will be the record they will bear for all time.

A tentative agreement whereby there will be no interruption of the oil supply from Mexico has been reached between representatives of the oil companies and the Mexican government. The Department of State has announced immediate ratification of the agreement by the Mexican Congress is expected.

The Kaiser has lost territory that cost the lives of thousands of men and months of time. The advances of the Allies in the past few weeks has been a most effective blow at German prestige.

The Kaiser has recently boasted of twenty five years of profound peace during his reign, but he does not state that those years were spent in building up a military machine and preparation for plunging the world into the most

disastrous war of history. He may yet be forced to pay the penalty of his years of deceit and of the horrors he alone is responsible for.

President Wilson is to travel the country and speak in behalf of the next Liberty loan, which calls for six billion of dollars. The people will welcome the head of the government.

The government is considering a wise plan of vocational and military training that will be of benefit to the young people of this country, physically and mentally.

Von Hindenburg, Von Lunden-dorf and Von Mackensen and perhaps a few other vons, have lost their reputation as leaders of the Kaiser's hordes and may soon be thrown into the discard. The superiority of the Huns has never been shown except where pitted against inferior numbers.

Under an agreement between the Government and the International Harvester Co. federal decrees declaring the so-called harvester trust to be an unlawful combination and ordering its dissolution, are to be carried into effect at once. Perhaps "a rose by any other name," etc.

WOMANKIND. Again comes official testimony to show that world-old verdict on womankind is wrong. Contrary to the opinion accepted everywhere by men and generally acquiesced in by women themselves, the women are good mechanics.

This astonishing fact is vouched for by the national industrial conference board as a result of experience with woman workers in war industries. In a report summarizing the results observed in 31 establishments, employing 335,000 men and 50,000 women, it appears that the women show unexpected adaptability to machine work—operating drills and presses, assembling complicated parts, inspecting products, etc. They are said to be quicker and more dexterous than men, more teachable and more dependable.

No great mechanical originality is claimed for the women. There is no positive indication that they will measure up with men in the faculty of invention and innovation. But perhaps it is unfair to judge them in that respect until they have had long apprenticeship and come to feel at ease in their new environment. They may yet prove close competitors in a field that man has heretofore considered entirely his own.—Moline Dispatch.

THOSE BIG GUNS. Proof that the Germans intended to remain a long time in the Soissons-Rheims sector is furnished by the finding of the victorious troops of the Allies, of one of their super-gun emplacements in the evacuated territory. The gun itself, had gone, having been hastily removed when the retreat set in, but its huge turret and massive carriage, unhurt by the Allied shells that had exploded upon it, still remained. "It looked," said a correspondent "like a Pittsburgh steel mill. This gun shot a 15.8 inch shell from 35 to 40 miles and was presumably smaller than the brood-dinosaurian monster in the Laon forests which occasionally fires upon Paris.

The military effectiveness of these weapons has not been established. When the Germans began the advance on the Marne, which ended with them so disastrously, the dispatches announced that the Huns were firing over the vast distance with naval guns. The supposed naval guns and these titanic cannon presumably were one and the same thing. They discharged a few shots and were demounted, their operators leaving behind a vast quantity of expensive machinery.

THIS DATE IN HISTORY August 7, 1865—Governor Richard J. Oglesby appointed his private secretary, George H. Harlow, Esq., "Assistant Inspector General of the State of Illinois" with rank of colonel.

RIPPLING RHYMS By Walt Mason Six of Them.

"My six boys are safe in bed," cheerfully the Kaiser said. "Safe and sound they sleep and snore, while the world is splashed with gore. German angels guard their sleep, which is restful, calm and deep; smiles upon their faces burst, as they dream of wieners' wurst. Some men's sons, I have been told, lie in clothing wet and cold, their clothing wet with blood, plastered o'er with muck and mud. 'Tis a world that is a happy fix. I am thankful that my six sleep in peace and comfort here, dreaming of a keg of beer. Eitel Fritz and Wilhelm, each is in his truckle bed, each securely in his cot, guarded by our German Gott. I have been told that some men's sons, shattered by the

foemen's guns, have been cast in trenches deep, there to find their endless sleep. Then I view my knight—ted boys, painless sleep, each one an joys six fat princes in a row, where do smoother princes grow? German seraphim are night! Sleep my sons, while others die! Sleep while boys of coarser blood groan and perish in the mud! All the world is full of groans, all the world is white with bones, all the world is wet with tears, racked with anguish and with fears, and how thankful I should be, that my sons are here with me, while the globe is throwing fits—William Fred and Eitel Fritz!"

COMMISSION VS. ALDERMANIC GOVERNMENT. It is true that people thus far have not shown a very decided interest in the coming election but it is nevertheless entirely likely that there will be a large vote next Tuesday when the question of a return to the aldermanic form of government will be before the people. There will doubtless be some voters, both men and women, who will record themselves as in favor of a return to the old system. But it does not seem reasonable to expect that a large number will take that position because no really sound reason has thus far been advanced why there should be such a return.

The commission form of government is representative of the people, just as the present school board is representative of the people. The present board was not chosen by wards but the members represent the city as a whole and seek to take action which will be most helpful to the whole city. So under the commission form the people instead of being limited to selection of representatives from their own ward, can vote for men through the entire city whom they think best qualified to hold city offices. The commission form is more representative of the people's wishes than is true of the aldermanic form.

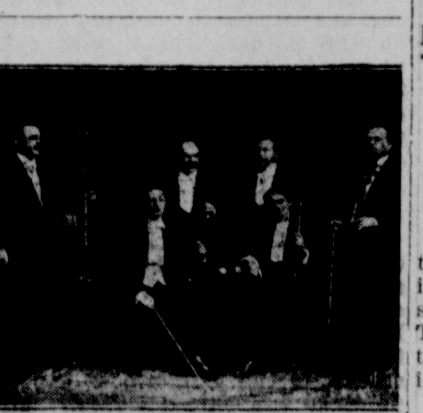

A change to the old system not going to put money into the treasury, is not going to inaugurate any special reform or any special economy. Some new means of revenue must be secured, no matter who the next aldermen or commissioners are. It may be possible to reduce the salary expenses by comparison with those now in force, but that can be done just as well under the commission form as under the aldermanic form. In fact the general law under which the city will now operate if the aldermanic system is again authorized, provides salary possibilities of \$10 a meeting for each alderman. Such a government merely in the matter of salaries might easily be made fully as expensive as salaries under the commission form.

CHAUTAUQUA TICKETS now on sale at Journal office. Get them at the guarantor's price.

HIS TIME IS OUT.

Much to his regret, Boone Nail of the northeast part of the county, has been honorably discharged from the army on account of disability. He enlisted eleven months ago and was sent to Camp Taylor where he suffered an attack of pneumonia from which he failed fully to rally. He held on and the surgeons let him stay really against their better judgment till finally it was demonstrated that it would hardly be wise for him to try to continue the life if he was not to be sent overseas. He liked the service, the treatment in general, the food and companions while he praises the officers highly. He says he hopes yet to get strong enough to go back for he is eager to get a whack at the infamous Kaiser and his relentless horde.

RAN OFF OF FERRY BOAT An agent of the Burroughs adding Machine company and a companion had a narrow escape at Merceda Tuesday morning when a car they were driving ran off the ferry boat and landed in the river. The agent who was driving the car was painfully injured but his companion escaped with a wetting. The men had driven on the ferry boat to be taken across the river when the brakes failed to work and the car ran off into the river. It is feared that light and efforts were being made to get it out of the water Tuesday afternoon.

THE BOSTON SYMPHONY SEXTETTE.

This sextette, from the world's greatest symphony orchestra, was with us two days last year. The privilege of hearing a select group of players from a great orchestra is one which seldom comes to Chautauquas. The instrumentation of the group is such that their programs are not only orchestra music, but are far more, for they present the artistry of mature men who are at the head of their class, applied to ensemble music, written for their instrumentation. To hear them is to enjoy a treat of revealed musical art.

Their programs are not high-brow, but are popular enough for all to enjoy. Mr. Kunze, the director of the sextette last year, was very gracious and readily responded to requests for the more popular selections. He comes again to us and will receive a hearty welcome from our music lovers. Jacksonville Chautauqua, August 23 to September 1, inclusive.

Social Events

Observe Birthday Anniversary.

Several relatives and friends went to the home of Mrs. Emma Johnson in the Joy Prairie neighborhood last evening and helped her celebrate her birthday. The occasion was quite a surprise to Mrs. Johnson as she was not aware of any preparations being made to remind her of the day. All the guests brought well-filled baskets and an excellent supper was enjoyed by those present. Music and games were the forms of amusement enjoyed during the evening. The guests were L. C. Meyer and family, H. C. Meyer and family, Richard Leake and family, Mr. and Mrs. G. O. Tuke, Mr. and Mrs. Fred Buckwell, John L. Johnson and family, Will Davidson and family of Lynnville and Miss Della Newby of Jacksonville.

DEATHS

Hoffman. John Frank Hoffman died at the home of his son, Charles J. Hoffman, in Merceda Monday night. The deceased was born in Jackson county, Virginia, Feb. 17, 1845, and when a little child came with his parents to Springfield. He lived on a farm in that city for a number of years. In 1841 the deceased married at Loneville, Mo., to Miss Nannie Fritchett. After living in that locality for 18 months they removed to San Diego, Cal. After they had lived in California a short time Mrs. Hoffman's death occurred. Then the deceased with his little son, Charles, removed to Rochester, Ill., where they made their home for a number of years. In 1908 they removed to Merceda and have since resided there.

In his younger days Mr. Hoffman was a member of the Methodist church and he lived in a way which gave him the admiration and good will of all who knew him. He was a man of quiet disposition, very industrious in habits and for a long time conducted a shoe repair shop at Merceda. The deceased had been in failing health for a number of weeks and his final illness was of six weeks' duration. He is survived by one son, Charles J. Hoffman, and two grandchildren, Charles and Enoch Hoffman, of Merceda. There are also two brothers, J. L. Hoffman and Enoch Hoffman of Kansas.

Funeral services will be held from the home of Lewis Starks at 9:30 o'clock this morning, in charge of Rev. J. L. Jeffers, pastor of the Methodist church of Merceda. Burial will be made in the cemetery there.

Harlis. Rev. Edward M. Harlis died Monday evening at 6:50 o'clock at a local hospital after a brief illness. He had been in poor health for more than a year.

Deceased was born in Boone county, Ala., in 1852, and was 65 years of age at the time of death. He became a resident of Jacksonville in 1893 and has resided here continuously since.

It was largely thru his instrumentality that Second Christian church in Anna street was erected and until recently he served as its pastor.

He is survived by one step-daughter. He was a great worker among his race and was a familiar figure on the streets of the city for many years.

The body was removed to the undertaking parlors of J. H. O'Donnell and prepared for burial and later removed to the residence 605 South West street. Funeral services will be held from Second Christian church this afternoon at 2:30 o'clock in charge of the Rev. Mr. Barnett of Springfield. Burial will be in Jacksonville cemetery.

Schoedsack. Georgia May, infant daughter of Mr. and Mrs. E. A. Schoedsack, died at the family home, 832 East State street Tuesday evening at 9:30 o'clock. The funeral will be held from the residence this afternoon.

BUYING OATS WE ARE LARGE BUYERS OF OATS AND IT WILL PAY FARMERS HAVING OATS TO SELL TO SEE US.

WITH THE SICK

Mrs. O. E. Tandy who submitted to an operation at Our Savior's hospital Tuesday morning showed gratifying improvement Tuesday evening and will be able to receive calls from her friends in a few days.

Friends have received word from Mrs. Alice Cole of Girard, that she is improving in a satisfactory manner from her recent accident. Mrs. Cole, while visiting at the home of Mrs. Will Self on East State street had the misfortune to fall down stairs breaking her arm above the wrist.

MATRIMONIAL

Entler-Bach. Harry E. Entler of Chicago and Miss Julia Bach of Evansville, Ind., were united in marriage Tuesday afternoon at 3:30 o'clock by Justice J. A. Crum at his residence, 234 West North street. The ceremony was witnessed by Mrs. Jennie Devitt and Mrs. Samuel C. Hunt. The groom is an electrician and they will make their home in Chicago.

BIRTH RECORD

Born Thursday morning to Mr. and Mrs. Thomas Hopper, at their home on Grove street, a son; third son and fourth child.

GRACE CHAPEL SERVICE FLAG IS DEDICATED

Large Audience Gathered to Witness Interesting Ceremonial—Clarence Thompson Surprised On Birthday—Other Grace Chapel Neighborhood News.

There will be another registration held in Arcadia precinct Saturday, August 10. All girls over sixteen and ladies who have never registered are requested to go to the residence of Levi Deatherage, in Arcadia, on said date.

About fifty relatives and friends pleasantly surprised Mr. Clarence Thompson at his home near Arcadia, Saturday evening, August 3. It being his thirty-first birthday. The evening was spent in a jolly social manner. Musical numbers were rendered by Miss Rose Henderson. During the evening refreshments were served, consisting of sandwiches, pickles and lemonade. At a late hour the guests departed, wishing Mr. Thompson many more happy birthdays.

Miss Myrtle Sheppard, Miss Edith Hale and Miss Zeldia Benson were guests Sunday evening at the home of H. E. Ogle. W. J. Houston and wife and Mrs. Arthur Vorhes motored west of Jacksonville Saturday, transacting business.

Enia Yeck of Concord, is visiting Mr. and Mrs. Arthur Vorhes this week. Mr. and Mrs. H. E. Ogle motored to Jacksonville, calling on his brother, Walter, and wife, of Chicago, who were visiting at the home of Dr. J. M. Wolfe.

There was a large attendance at the dedication of the Grace Chapel flag service Sunday afternoon, regardless of the intense heat. A very interesting program was rendered, as follows:

Song—America. Scripture reading and prayer—By the pastor, C. A. Fairchild. Song—Concert, "Song to the Flag."

Talk—Rev. C. G. Cantrall, pastor of Christian church in Concord.

Vocal Solo—"Keep the Home Fires Burning," by Miss Bonnie Smith.

Rev. C. G. Cantrall, pastor of Christian church in Concord.

While a patriotic medley was being played by Miss Myrtle Sheppard, of Jacksonville, a beautiful flag was carried by Letha Mason, representing the Red Cross girl, and B. E. Brainer representing the Boy scout, from the vestibule to the front. The presentation speech was made by the latter, in these impressive words, "In honor of the boys who are in the service, we present this flag to the Grace Chapel church." Rev. C. A. Fairchild impressively received the flag, also calling the roll of the seven boys who are in the service. The following names were read and stars placed on forming a cross, by a member of the family: Roscoe Roney, by Mr. William Roney. John Daniels (members of family absent), by Alma Ogle. Russell Ogle, H. E. Ogle. Oscar Smith, Mrs. W. W. Smith. Lloyd Ogle, Mrs. H. E. Ogle. Floyd Goodpasture, Mrs. Floyd Goodpasture.

The song, "There's a Service Flag Flying at Our Church," was then sung by Alma, Edna, Paul and Ralph Ogle.

Song—"Star Spangled Banner. Benediction by pastor.

Oscar Bridgeman and wife of Grace Chapel neighborhood were in the city yesterday accompanied by their guest, R. B. Tomlinson, wife, son and daughter of Sedalia, Mo. M. McLaughlin of Scott county came to the city yesterday with a truck load of fine cantaloupes. He says dry weather is fast destroying the crop and a few pickings will finish it. C. Bell is at his home in Franklin for a short time through from his place in Camp Dix, New Jersey. He reports conditions there very satisfactory and the boys in good spirits and eager to get over there and hunt for the Kaiser. Edward Riley, Louis Beggall, Thomas Koyn, Thomas Beggall, William George, Michael James and Frances McGrath, of Murrayville, were in the city yesterday. P. J. Crotty and C. E. Butler and son, Jack, of Windsor, and J. W. Fitzpatrick and sons, Ed. and Joseph, of Lynnville, have gone to South Dakota on a visit. Mrs. Ed. Mallory has returned from Peoria, where she went to see her son, Chester Brooks, who left for Camp Grant with the contingent from Peoria Monday afternoon. Mrs. Mallory went on the same train that the colored troops left from this city as far as San Jose. The men seemed to be happy. At each station they were cheered and sang songs.

Fence and Barb Wire is scarce. To be able to fence your stock—Buy Now! Jacksonville Farm Supply Co. just unloaded a big car. Better fence cannot be found.

ILLINOIS CENTENNIAL STATE FAIR OPENS BIG NEXT MONDAY. The industrial week at the State Fair opens Monday, August 12th, with Children's Day. All kiddies throughout the state under fifteen years of age are invited to be the guests of the fair and will be admitted through the gates free of charge, was the statement made by B. M. Davison, the secretary this morning.

The program for industrial week is full and interesting—bicycle motorcycle and automobile racing every day. Barney Oldfield, the speed king, will race against Dave Deville like Chevrolet and Wild Bill Endicott. The exhaust from these big racing cars will sound like our American boys bombarding Berlin. Patterson's wild animal shows will be at the fair all week. The big Centennial circus will show daily at the fair all week. The United States government is backing up the management of the state fair this year by exhibiting five carloads of exhibits from the army and navy, and different governmental departments, consisting largely of war relics. The British government also will show more than 1,000 war relics captured from the Germans.

Auto polo again this year. The boys will play that dare devil, rip-roaring, harum-scarum game, and polo every afternoon and evening. It certainly is a taking game. One patron of the fair stated that it was so fast and so full of excitement and unexpected stunts that even the moving picture man couldn't get it. The state fish and game division of the new Department of Agriculture will have on display in the new aquarium five carloads of live fish—a wonderful exhibit, under the direction and supervision of Ralph Bradford, of Pontiac.

MOTHERS TO BE

Should Read Mrs. Monahan's Letter Published by Her Permission

Mitchell, Ind.—"Lydia E. Pinkham's Vegetable Compound helped me so much during the time I was so much relieved of neurotic-looking forward to the coming of my little one that I am recommending it to other expectant mothers. Before taking it, some days I suffered with neuralgia, so badly that I thought I could not live, but after taking three bottles of Lydia E. Pinkham's Vegetable Compound I was entirely

raigia, I had gained in strength and was able to go around and do all my housework. My baby when seven months old weighed nineteen pounds and I feel better than I have for a long time. I never had any medicine do me so much good." — Mrs. Pearl Monahan, Mitchell, Ind.

Good health during maternity is a most important factor to both mother and child, and many letters have been received by the Lydia E. Pinkham Medicine Co., Lynn, Mass., telling of health restored during this trying period by the use of Lydia E. Pinkham's Vegetable Compound.

FOR BABY RASH

Itching, chafing, scalding, all irritation and soreness, nothing heals like Sykes Comfort Powder. It's extraordinary healing and soothing power is noticeable on first application. 25c at the Vinal and other drug stores. The Comfort Powder Co., Boston, Mass.

Overseas Casualties

Washington, Aug. 6.—Army and marine corps casualties in the fighting on the Marne-Aisne salient made public today by the war department numbered 48,338 officers and 190,000 men. This brought the total since the toll of victory began to arrive yesterday to 1,212, and the number of all casualties since American forces first landed in France to 18,469. Three army and two marine corps lists were given out early today. A recapitulation of them shows:

Killed in action 31
Wounded severely 313
Wounded, degree undetermined 7
Wounded slightly 119
Prisoners 1
Totals 468

Today's army lists contained mostly the names of wounded, whereas those of yesterday showed 49 killed in action and 80 died of wounds. These lists do not represent any one's fighting, but probably include some of the casualties for several days.

MRS. JOHN HOPPER PASSED AWAY TUESDAY

Death Due to Heart Disease Following Only Short Illness—Deceased was Wife of One of Early Mayors of Jacksonville.

Mrs. Elizabeth Lambert Hopper died last evening at 7:45 o'clock at the home of her daughter, Mrs. Charles Minter, 866 North Church street, Mrs. Hopper had been in failing health for several years, but her last illness was only of few days duration, death resulting from heart failure. She was 77 years old.

Mrs. Hopper's husband, the late John Hopper, preceded her in death more than thirty two years ago. Mr. Hopper was at one time mayor of Jacksonville and was in various ways prominently identified with the affairs of the city. Mrs. Hopper is survived by two daughters and one son, Mrs. Andrew Leck and Mrs. Charles Minter of this city, and John Hopper of East St. Louis. Another son, Lambert Hopper, died a few years ago.

Throughout her long life Mrs. Hopper has been a member of Grace M. E. church. She was a woman of forceful character and throughout advancing years maintained her strength of mind and body.

The funeral services will be held Thursday afternoon at four o'clock at the home of her daughter, Mrs. Charles Minter on Church street. The burial will be in Diamond Grove cemetery.

COLORED CLUB

HAD MEETING. Morgan County Colored Republican Club met August 6th and endorsed the following candidates:

For Sheriff—Henry G. Strawn. For County Clerk—G. L. Riggs. J. R. Dunn, Chairman. W. H. Parish, Secretary.

PRAYER MEETING TONIGHT There will be the usual prayer meeting service at State Street Presbyterian church this evening at 8 o'clock. Dr. F. M. Rule will lead. A full attendance is desired.

PRAYER MEETING AT GRACE This evening at Grace church there will be a special prayer meeting program. Dr. Harker will lead and there will be music of an uplifting character. All are welcome.

Thomas Lintine, Perry O. Liming and Miss Jennie Liming of Decatur are visiting at the home of Mr. and Mrs. Charles Gaines in the Litterberry neighborhood.

Mr. and Mrs. Fritz Ingram of Versailles who have been visiting at the homes of Andrew Ingram and Spencer Carpenter, returned to their home Monday.

Miss Margaret Miller has returned from Bedford, Pike county, where she has been a guest at the home of her sister, Mrs. L. D. Brinker.

LICENSED TO MARRY. Harry E. Entler, Chicago, Julia Bach, Evansville, Ind.

Mr. and Mrs. Frank Martin, Mr. and Mrs. A. P. Franks and Mrs. Joseph Gomes were recent visitors at the home of Mrs. Alex Miller in Franklin.

RESIGNATION OF JOHN K. TENER RECEIVED

Will Clear up Situation in National Commission and Hasten the Preparations for the Proposed World Series.

New York, Aug. 6.—The resignation of John K. Tener as president of the National League was received here today at National League headquarters.

In a letter addressed to all the club presidents in the National League, President Tener said: "Having declined to serve further on the National Commission for the good reason familiar to each of you, I must ask that my resignation as your president, tendered last December be accepted."

"I am prompted to take this course out of consideration of the present situation and that you may more speedily select my successor who will, if your desire serve on the commission under the circumstances."

The resignation of President Tener will clear up the involved situation in the National Commission and expedite the work of that organization in preparing for the proposed world's series scheduled to begin on Sept. 3 or 4.

Following the decision of the Philadelphia American League club to carry the case of Pitcher Scott Perry to the civil courts after the national commission had finally awarded his services to the Boston Nationals, Mr. Tener announced he would no longer serve as a member of that body.

The National league by-laws and constitution made no provisions for another person from the president of the league to serve on the national commission.

As the world's series is played under the control and direction of the national commission, it is necessary that the latter organization be represented.

John Kinley Tener was the eighth man to be elected president of the National League. He was chosen as the executive officer of that organization in December, 1913 and the constitution of the league was amended so that his term of office was extended to four years. In December, 1917, he was re-elected for one year with the understanding that he could devote a great deal of his time to a new commercial enterprise of which he had just assumed control.

When he was first elected to direct the affairs of the older major circuit, Mr. Tener was governor of Pennsylvania.

Mr. Tener was born in Ireland on July 25, 1863, and came to America when quite young and settled in Pittsburgh where he was educated. While at school Tener learned how to play baseball and made his first appearance as a professional pitcher in the old New England League, with Wilbur Robinson, now manager of the Brooklyn Nationals as hit catcher. In 1888 his ability in the box attracted the attention of Captain Anson who brought Tener to the Chicago Nationals.

Election Bulletins

BULLETIN ST. LOUIS, Aug. 7.—William C. Connitt, one of Senator Willy's campaign managers, this morning (Wednesday) conceded to Joseph W. Folk the Democratic nomination for the United States senate. Speaking for Senator Willy, Connitt congratulated Folk and promised him his hearty support.

ST. LOUIS, Aug. 6.—Unofficial returns from 160 scattering precincts in St. Louis give X. P. Willey 1957 over former Governor Joseph W. Folk in the Democratic nomination for United States senator. The same precincts give Sheldon P. Spencer a majority of 2140 votes over Col. Jay L. Torrey of Fruitville on the Republican ticket.

TOPEKA, Kan., Aug. 6.—The nomination of Governor Arthur Capper for United States senator and of Henry J. Allen for governor or on the Republican ticket in today's primary was indicated on the face of returns received here early tonight. In complete figures received gave both Capper and Allen good leads over their nearest opponents.

TOPEKA, Kan., Aug. 6.—On the Democratic ticket it seemed apparent that Senator William M. Howard Thompson would be re-nominated and the indications were that W. C. Lansdon, of Salina, would be nominated for governor. Returns from all parts of the state are coming in slowly. The vote was light in most sections, in some instances being less than fifty per cent of the registration.

SACRAMENTO, Cal., Aug. 6.—A "bone dry" initiative measure which would prohibit the manufacture, importation or sale of intoxicating liquor in California after Dec. 2, 1918, except denatured alcohol was assured a place on the ballot for the general election, Nov. 5, next, when sufficient additional petitions were received to day by Frank C. Jordan, secretary of state.

OKLAHOMA CITY, Okla., Aug. 6.—Early returns from over the state indicated United States Senator Robert L. Owen has been re-nominated by a large majority only a few counties giving Robert Galbreath of Tulsa, his only opponent on the Democratic ticket a vote.

All the present congressmen appear to have been re-nominated on the face of early returns. Scattering counts from all sections of the state make practically certain the nomination of J. B. Robertson, Oklahoma City, for governor on the Democratic ticket.

DR. CLAMPIT BACK FROM VISIT TO CAMP SHELBY

SPENT FEW DAYS WITH SON WHO EXPECTS OVERSEAS ORDERS.

Camp Grounds and Conditions Bring Only Approval—Men Well Cared for and Not Suffering From Hot Weather—Louis Clampit Just Made a Corporal.

Dr. L. H. Clampit has just returned from a visit to Hattiesburg, Miss., and Camp Shelby. He spent Friday, Saturday and Sunday at the army camp with his son, Corp. L. H. Clampit, now with Co. C of the 139th Machine Gun Battalion. Before Dr. Clampit's visit he had received a message from his son asking for certain clothing which indicated an early departure for overseas. At first Dr. Clampit thought that it would be too late to make the trip but the day following another wire came and he determined to go south and was fortunate in being able to spend several days with his son.

Dr. Clampit returns with a great enthusiasm for conditions at the camp and the methods followed in training the men. Camp Shelby is located about 12 miles south east of Hattiesburg and can be reached either by train or automobile. A fine gravel road has been constructed between Hattiesburg and the camp and furnishes a splendid drive from the city. About 5,000 acres are included in the camp and at present 30,000 soldiers are being cared for there. In talking about the southern trip last night Dr. Clampit said:

"One has little conception of the extent of the camp until he has opportunity to walk about the grounds. While there I visited several departments; and each one has its advantages or disadvantages in accordance with the opinion of the soldiers. The artillery department seems to be popular, if one might judge from the number of soldiers that I saw on a hike Sunday morning, armed with all equipment just as if they were about to enter a battle. It was a grand sight and these and all the other soldiers seemed to be well drilled."

"The infantry division is the largest and one of the most interesting. Thousands upon thousands of men are out on the drill grounds daily from 6:15 to 11 a. m. and from 3 to 5 p. m. every day except Saturday and Sunday. This is the rule unless officers see fit to call the men out Saturday morning for inspection. All the soldiers have to be constantly neat in appearance and their equipment must be laid out in a certain way for inspectors to check up and see that the men have all the equipment issued to them and that everything is in good shape. After Saturday's inspection unless detailed for some special duty, the boys are allowed to visit Hattiesburg or various places about the camp."

"I had the pleasure of eating one meal in the mess hall, and while there was nothing elaborate the menu was of substantial, wholesome food. Each company has its own mess hall, situated at the end of the company street. The one that I visited was that of Co. C, 139th machine gun battalion. There were 170 men who sat down to the meal. At the conclusion, following custom, each man washed his own mess kit, and it was not long until the tables had been entirely cleaned and everything was spick and span in readiness for the next meal."

"I visited the stables where horses and mules of each company are kept and found there everything in very orderly and sanitary condition. To a visitor it is really an amusing sight to see the boys doing their washing. Out one evening I happened to pass the place where the soldiers attend to this very important work. As the clothes must be kept clean all the time this part of the military work is quite necessary and the men soon grow proficient. Every soldier must keep his face clean shaven, hair cut to a certain length and his shoes polished."

Camp Well Planned. "When it comes to amusements the boys are well cared for. Baseball is a regular form of sport and picture shows are available. The Y. M. C. A. has a number of Victrolas furnished and there are various conveniences. The library at the camp is prominently located and there is ample opportunity for reading. Knights of Columbus huts also have generous arrangements for amusement, reading and writing. The visitor to the camp is very certain that the government has taken great pains to properly lay out the camp for convenience and at the same time full consideration of the welfare of the soldier has been taken. There are numerous dispensaries, the base hospital and the service of the Red Cross nurses, doctors and dentists seems to be entirely adequate. The hospitals are in a section to themselves where a strictly quiet zone is maintained."

Saw Morgan County Men. "The boys have their daily drills in military courtesy and discipline and the companies vie with each other in the desire to have their men well posted, so here will be no penalty for disobedience or for breaches of military etiquette. While there I met several boys from Morgan county. Among them were Micky Morrissey, headquarters detachment 139th Machine Gun Battalion; Thomas Cooney and Clyde Hart, Co. 139th Machine Gun Battalion; Clebbs Crabtree, 138th Machine Gun Battalion; Taylor Agnew and Joseph Boyd, radio corps; Glenn Howard, medical corps; Fred Faugust, 152 Field Artillery band."

"The men are all feeling fine and looking well and express their great desire to go across after the Kaiser. Rumors come every day about the departure and certain orders to be executed indicate to the boys that the day of their departure is not far distant."

INTERESTING ITEMS FROM MEREDOSIA

News Notes of Interest from Meredosia and Vicinity.

Merodosia, Aug. 5.—John Hoffman who has been poorly for sometime has been growing worse the past week. Wm. Moss, Sr., of New Salem visited his children in this place Saturday and Sunday. Mrs. Kate Carver and son Will left Saturday for their home in St. Louis. They have been attending to business affairs here for several weeks.

Miss Ada Moss has been quite ill at the home of her brother late the past week with malaria fever. Mrs. Belle Savage is improving slowly from a recent attack of heart trouble. Mrs. Mollie Wackerle and grandson Edward Wolters left Saturday for Quincy to visit the latter's parents, Mr. and Mrs. Frank Wolters.

Miss Gladys Galaway who served as principal of the Versailles school last year has been re-elected for the same position next year. Miss Margaret Cody is spending the week with her brothers, Will and Arthur in Jacksonville.

Miss Greta Barnett of Bluffs visited Mrs. W. D. Meier Saturday. Mr. and Mrs. Will Naylor and Miss Lucille Farrow of Jacksonville were guests of Mr. and Mrs. J. L. McLain Sunday.

Mrs. Minnie Kaiser spent Sunday in Bluffs with her daughter. Mr. and Mrs. Edward Streuter and son Nevill motored to Pearl Sunday to visit Mr. and Mrs. Frank Rieman Jr.

Mr. and Mrs. J. E. Hall, son Bobby and daughters Dorothy and Miss Edna of Springfield motored to Jacksonville Saturday remained until Sunday evening. Mr. and Mrs. L. F. Berger and daughter Gwendolyn, Mr. and Mrs. L. H. Yost, sons, Charles, Arsel and Harry, Mrs. L. H. Wegelhof were guests of Mr. and Mrs. Henry Stutters near Versailles Sunday.

F. W. Brockhouse, wife and son Willard of Jacksonville were guests of Mr. and Mrs. C. H. James Sunday. Mr. and Mrs. Edward Brockhouse and family of Beardstown motored to this place Sunday to visit Mrs. Mary Brockhouse. Their son Roscoe returned here with them.

Dr. H. H. Hamman, wife and son Bernard departed Sunday for Chicago to combine business with pleasure. They motored thru in their car. Miss White of Chapin spent Saturday with her sister, Mrs. John Goffnet.

Miss Louise Robinson of Jacksonville is the guest this week of Miss Edith Unland. Mrs. Wm. Allen has returned home from a visit with relatives in Beardstown.

Mr. and Mrs. Charles turned Sunday from an extended visit with their daughter at Beardstown. Miss Effie L. Kendall of Barry who had been elected to teach in the schools here resigned Saturday in Washington, D. C.

C. P. Hedrick received a letter Monday from James Rice, dated June 29th, somewhere in France. James is cooking under a French cook and says he has to talk mostly with his hands. He secured a Fritz helmet and carried it thirty miles to send to Mr. Hedrick but left it with a cook for a few days and when he returned the cook had left taking the helmet with him; which is much of a disappointment to Mr. Hedrick. Mr. and Mrs. Isaac Harbert received a letter Monday from their son Francis dated July 6, somewhere in France, the first news they have received for two months. He says: "I have been in the battle line but am all right. A number of the boys have been killed but not as many as one would think from the number in the battle."

Mrs. William Allen was a Jacksonville visitor Saturday. Frank Todd of Jacksonville was a visitor here Monday. J. G. Berger of Arenzville was a business visitor in town Monday. Charles Tomlinson and family of east of Jacksonville was the guests of Mr. and Mrs. T. B. Dudhope Sunday. Mrs. T. B. Dudhope is improving from her recent illness. Mrs. Charles Pond returned home to Murrayville Monday after visiting for two weeks with relatives here.

WILL HOLD RED CROSS PICNIC

Scott County People Plan Benefit for August 22nd—Party for Soldiers Soon to Leave—News Notes.

Winchester, Aug. 6.—At a meeting held at the Red Cross rooms Tuesday evening it was decided to hold a Red Cross picnic and luncheon at Thursday August 22, at Monument park. Committees were appointed to begin arrangements for the event. The executive committee is composed of D. D. Watt, Mrs. Gertrude Demereth, Richard Lyons, Miss Alice Mudd, Claude Thomas, Earl Nelson, Miss Louise Frost and Fritz Haskell. The advertising committee is made up of William Wainwright, Robert Sperry, T. D. Lyons and Guy Faul.

George Hodgkinson, of Aurora, is visiting relatives and friends here. Mr. and Mrs. R. M. Riggs and daughter and Miss Lucie Riggs were Jacksonville visitors Tuesday afternoon.

Mrs. Edward Balsley entertained a number of friends Monday evening in honor of her daughter, Josephine's fifteenth birthday. The evening was very pleasantly spent in games and in a social way. At a late hour delicious refreshments were served.

D. D. Watt received a message Tuesday, telling of the death of William Tankersley, of White Hall. Deceased was a twin brother of the late Mrs. William Gibbs, mother of Mrs. Watt. Two sisters residing in this vicinity survive, Mrs. John Gibbs and Mrs. R. H. Coultas.

Funeral services for Orvall Lovell, the 12-year-old son of Mr. and Mrs. William Lovell, who died Friday, were held at the home of the parents near Murrayville, Sunday afternoon at 2:00 o'clock. Interment was made at Winchester cemetery.

Lieutenant William O'Reilly was a professional visitor in Jacksonville Tuesday. He has received word to report for army duty at St. Louis August 16th. Later he will be sent to Fort Reilly.

Misses Pearl and Allie Walker and Ruth Wright entertained a number of friends Tuesday evening at the country home of Mr. and Mrs. Fred Walker, in honor of a number of Scott county boys, who are to leave in the next contingent from here. The house was quite artistically decorated in the national colors. Refreshments were served at a late hour.

George Ellis, of Alesky, was transacting business in Winchester today.

BULLETINS

WASHINGTON, Aug. 6.—Some fifty women attempting to stage a women's demonstration against delay in the senate in action on the women's suffrage amendment were arrested by the police late today at Lafayette Square, opposite the White House.

NEW YORK, Aug. 6.—Jacob Simon Herzog, broker indicated by a federal grand jury yesterday on the charge of using the mails to defraud, pleaded not guilty in the federal court here today and, pending the filing of a \$10,000 bond was paroled in the custody of his counsel.

AN ATLANTIC PORT, Aug. 6.—Lieutenant Hugo Marconi of the Italian Royal Dragoons, King Emmanuel's body guard and a cousin of Guglielmo Marconi, arrived here today on his way to Japan, where he will present a decoration of the highest order to the emperor. Lieutenant Marconi will pay his respects to President Wilson in Washington before proceeding to Tokio.

DENTISTS URGE STANDARDIZATION

CHICAGO, Aug. 6.—Standardization in educational requirements for students was recommended for adoption by all dental schools in order that army and navy requirements may be promptly supplied in resolutions adopted today by the National Association of Dental Examiners. The association also decided that local restrictions opposed to the degree of dental surgery shall be removed and the field to be opened to women. The 47 dental schools of the country were divided into classes A and B, in which graduates from Class A and B are to be admitted for examination for licenses to practice dentistry.

Dr. W. F. Walz, Lexington, Ky. was elected president, and Dr. J. A. West of Des Moines, Iowa, secretary-treasurer. The next meeting will be in New Orleans.

CAPTAIN MCKAY DIES

Cleveland, Aug. 6.—Captain George P. McKay, treasurer of the Lake Carriers Association, pioneer of the Lake Superior trade, and one of the best known men on the Great Lakes, died here last night, after a long illness.

TRACTOR DEMONSTRATION NEAR ALEXANDER.

The demonstration of tractors on the Clinton Corrington farm at Alexander, yesterday, drew a large company of interested farmers. The demonstration had been arranged by Charles M. Strawn. In the field where the demonstration was given, five tractors were to be seen. Strawn & Todd had their Case working and the other machines, owned by Sangamon county firms, were the Titan 10-20, Waterloo Boy, the All-Work and the Moline Universal. Every one of the tractors was in good working order and the demonstration was of a satisfactory kind.

WANTED — MECHANICS C. N. PRIEST The Ford Man

Misses Sadie and Madeline Hall have returned to Jacksonville, after a visit with their sister in Havana.

WILL RETURN TO CAMP. Ivan Ingram, who is a member of the Second Battalion, Sixth Recruiting Company, 37th Infantry, will return today to the army camp at Laredo, Texas.

Mr. and Mrs. A. G. Burr and son, John Marvin, of Chicago, were guests yesterday of Mr. and Mrs. J. W. Hubble.

Refrigerators Coal Oil Cook Stoves

"With the Colors"

Letters of Interest from Jacksonville Boys in the Country's Service.

Writes From Western Camp.
The letter given below was written to Miss Nellie Self of this city by her nephew, Frank McCall. The young man is with the medical department of the 13th Infantry at Camp Fremont, Cal., and expects to leave soon for overseas service. The letter follows:

July 25th, 1918.

Dear Nellie:-
I am ashamed of myself for not answering your letter sooner, you can imagine what my correspondence amounts to and if I kept it all up I would never get out of camp at all.

We certainly have some camp here and I am very much in love with California. The sun shines every day and I haven't seen a drop of rain in the three months I have been here. Our camp is situated in the Santa Clara valley just a few miles from the south end of Frisco Bay and to the south and east of us are endless chains of mountains.

The people of California certainly treat the boys fine and thick. I have seen a party and dance Saturday and a picnic Sunday. So you see it isn't so bad being in the army after all—provided you are lucky.

I am really getting so large I even have to eat. Our detachment drills hardly any now, and we spend most of our time looking for something to do which resembles work. We spend most of our time in hikes, classes and athletic sports, and I thoroughly enjoy all of them. I never felt better in my life.

This entire division (the 8th) was supposed to leave this month but the orders have been changed now and we are getting 8,000 new recruits in next month, so there is no telling now when we will go. Our regiment was under orders to train the 22nd, but since that has been changed, we don't even know where we will go for it is very probable

that we will sail from Frisco. I have been at Frisco several times and am very much disappointed in the place, but I think the smaller towns with the beautiful homes and flowers are simply wonderful. We are only about two miles from Palo Alto, which is a college town being the site of Stanford University and it is a beautiful little place. We go there quite often as it isn't necessary to have a pass to leave this camp. We may leave camp at any time we are not working and stay until time to go back to work.

I hope Grandpa is feeling better than he was and that you all are well and happy.

Am enclosing a couple of snaps.
Love to all,
Frank McCall.
Med. Dept. 13th Infantry,
Camp Fremont, Cal.

Writes From Ireland.
Mrs. Lucinda Robson of Franklin has received the following letter from her son, Carl C. Robson, now stationed at the U. S. naval air station, Queenstown, Ireland:

July 11, 1918.

Dear Mother:
I hope this letter finds all at home in good health as it leaves me. I suppose the weather is rather warm over there. It is cool here and rains seven or nine times a day lately. Has Kiedy left the United States? I suppose, that he is across the "pond" by this time.

I have not had a letter since I left the lakes, lost all my mail since then. This is certainly a fine country and I am enjoying the opportunity to see all the interesting sights. It doesn't get dark until about 11 o'clock and then it is light again by 2 a. m. The sun sets about 9:40 p. m. and rises at 3:30 a. m.

The navy gave a grand celebration of their own on the Fourth of July. They had an excellent program and it was attended by thousands of civilians. We are having the best of food over here and everything that a fellow could possibly need.

I will write once a week but the letters will be old by the time they reach you. This is all for this time.

Lovingly,
Carl.

Letter from Harold Brennan.
July 5, 1918.

Mr. Henry Muehlhausen,
Jacksonville, Ill.

Dear Friend Henry:
Your letter of May 12 was received with much joy. You can not know how much I appreciate it. Well, I am in good health at present and hope you are as fortunate. Today is the day after the Fourth and we sure had one great time here, with the co-operation of the French soldiers. The weather here is fine, sun shines almost every day.

I had an accident a few weeks ago in which I was severely crushed up and had one rib broken. We were moving an old ammunition house and it fell on me. I was sure lucky to escape more serious injury. I can hardly figure how it happened it did not kill me outright. I suppose the Lord did not see fit for me to be killed. Well, such things make the world go around. You mentioned that I probably would come back with a French wife. Well, French people are very good people but I would not want to have one wished on me.

There wouldn't be a better thing in the world to me now.

A TEXAS WONDER
The Texas Wonder cures kidney and bladder troubles, dissolves gravel, cures diabetes, weak and lame back, rheumatism and irregularities of the kidneys and bladder in both men and women. Regulates bladder trouble in children. If not sold by your druggist, will be sent by mail on receipt of \$1.25. One small bottle is two months' treatment and seldom fails to perfect a cure. Send for sworn testimonials. Dr. E. W. Hall, 2226 Olive St., St. Louis, Mo. Sold by druggists.—Ad.

than a Jacksonville cigar, but as this is war times I guess it would be better to say nothing more about cigars. My, but they make my mouth water!

I bet old Jacksonville will surprise me when I come back. Do you get that? When I do, well, we will live in hope and hope the war will come to an end victorious to our arms.

Yes, Henry, I have seen two boys from there. Just three days after seeing them and talking over old times I was injured. They were Walter Ahlquist and Leo Sulter. They looked very well and were in good spirits. They were the first persons I have met that I knew. I see some very nice things here and if I come back I'll be able to entertain the tailors for sure. I have one great relic, a one dollar bill, mailed by my sister, Mary, February 2. It has traveled all over America and France. It had so many addresses on front that it looked like a Morgan county map and there wasn't room on the front side so they started on the back.

Well, I will close for the present time, hoping you will write soon.

Your friend,
John H. Brennan.
1st Co., 2nd Motor Mechanic's Regiment, Aviation Section Signal Corps, U. S. P. O. 724, A. E. F.

Letter from Camp Shelby
N. B. McDonald of R. R. 2 has received a letter from his nephew, James W. Evans:

Headquarters Co., 113 Engineers, Camp Shelby, Miss., July 21, '18.

Dear Uncle and Aunt:
I will now take a chance to write you a few words. I am well and hope you are the same. I received Lena's letter last week. She wanted me to be sure and write you a letter. I don't mean to slight any one but I don't have time to write to every one. I came off of duty last night at 7:30 o'clock. That made fourteen days straight that I have been on duty.

Two weeks ago I was on the rifle range and last Sunday at 5 o'clock it came my turn to be in the bunch as kid in police. I had to work every day. It takes five kitchen police each week and we have to work hard from 5 a. m. until 8:30 p. m. before we get the supper dishes and the cleaning up done. I suppose we will go to the rifle range next Friday and come back Sunday night, so you see I may be busy next Sunday. I am anxious to get back out and try the shooting again. I made pretty good. The first time I hit the bull's eye on the 300 yard range. I like to shoot my rifle. It takes lots of work to keep my gun clean so it will pass inspection. I have been busy washing today so I will have clean clothes to start on this week. Army life is quite different from civilian life, but as for the cause we are working to gain we are more than willing to do anything. We are working to win this war and that is our only aim. I have learned lots about army life and have got more to learn yet. I know more than I have time to write. I am living in hope that I will return and then I will have something to tell you about army life. I heard from home a few days ago and they seem to get along very well, but said they miss me very much. I will try and make a good soldier and then they will be very proud of me when I return home, dear uncle and aunt. You said that I seemed like one of your family to you. I know you think lots of me and your home always seemed like a home of mine when I was in Illinois. I am doing my best in the army to stay in good company and let all bad habits alone. We have real warm weather down here. I am standing the work O. K. and also the weather. I ought to be well pleased. How is everyone at Jacksonville? How is Marion? Tell Lena I will send the picture in your letter and you and Aunt Amanda can see how I look in my uniform. Ask Marion if he thinks I look very much like a soldier. Ha. Well I will close. When it takes me such a long time to answer you may know I am busy. Goodbye. Give all the folks my regards and tell them I feel proud to be a soldier for Uncle Sam.

I am as ever, your nephew,
James W. Evans.
Headquarters Co., 113 Engineers, Camp Shelby, Miss.

Receives Letter from 'Over There'
Miss Mabel Thoman of 1406 West Lafayette avenue is in receipt of the following letter from her uncle, John W. Bonds, a member of the 47th Aero Squadron, A. E. F., "Somewhere in France," July 11, 1918.

Dear Niece:
I will now answer your welcome letter which I received today and which found me very well. It has been raining here today and is quite a dismal day but we really do not mind that. What do you do to pass the time away since school closed? I don't see any use in being without a car when you are able to afford one.

I suppose they are taking a great many boys from Morgan county now, as I just had a letter from Hazel saying that eighty were going from Scott county. Well! It isn't at all bad and I think Roy is right in not waiting to be drafted.

You must not catch all of the fish as I may come back some day and want to try my luck. Hope you had a good time at Lake Manzanitas, that is, if you went. It is

nine months today since I enlisted and it doesn't seem possible it has been that long, time surely does fly when you are in the service.

Jacksonville surely has been having its share of fires. I suppose everything there is just about the same as it was of old. I suppose you had a big time the Fourth of July. We had a very nice time, all kinds of races and baseball and basketball games and a concert at night. How is Grandmother Thoman? Is George working at the Deaf and Dumb now? You must write often, for it is more pleasure than you realize, getting mail from home. And send me some papers as they are equal to a letter with me.

Don't drive that horse of a mine too hard for I will be home one of these days to use him myself. I had my arm smashed up a little some time ago but it didn't amount to much, will tell you all about it when I come back home. I suppose the crops there are looking fine now after I hope they are the best that can be raised.

I am still having a good time as could be expected under the circumstances, but haven't been to a picture show for a long time. Does Earl Fountain still run the Amuse-U in Chapin? It would suit me pretty well to step in there for a show now, or even into the Grand. I hope you are able to graduate next year, then you can catch me a few things. However, I have been learning a whole lot in the past few months, but it is all for the best I suppose.

I will now close as it is almost bed time for me. Answer soon and tell me all the news and be sure and send me some papers. Tell Elmer to send me some more copies of the Winchester Times. With love,

Your uncle,
John W. Bonds.
47th Aero Squadron, A. E. F.,
35 Eaton Place, London, England.

From a Pennsylvania Camp.
The following letter was received recently by Mr. and Mrs. W. P. Waterfield of 524 South Prairie street, from their son, L. L. Waterfield, with Co. A., 328th Battalion, Tank Corps, Camp Colt, Gettysburg, Pa.

Gettysburg, Pa.
July 30th, 1918.

Dear Folks:
Am over at the Y. M. C. A. tent tonight and will write you this letter and then be one ahead of you. Expected a letter from you today but none came, but suppose it will be here on tomorrow's mail. Am feeling all O. K. once more, but only do a part of drill work. We are sure busy now, have something doing all the time and by night we are glad to go to bed, but after all I enjoy army life.

Have daily classes on Gas Engine, Machine Gun, and a French 37 m. m. also learn Wigwag and Semaphore Signal Codes. The past week we have been working with Gas Mask, have had all kinds of tests with them, and find them most interesting. Today we went out in the country on a "hike" and did some map sketching which is also nice work.

Our company was on guard duty this week and I also had a turn at that, don't mind guard work, you are on two hours and out four, for a twenty four hour turn. It isn't as hard as daily drill, to my notion.

Think I told you about our camp being a part of the old battlefield of Gettysburg, and last Sunday the fellows and I took a stroll over in what is called the Soldiers' National Cemetery. This cemetery covers seventeen acres of ground and here lie the bodies of 3,555 soldiers, 979 of whom are unknown. Also visited the house in which Jennie Wade was killed, while baking bread for the Union soldiers. The house in which General Meade had his headquarters is still standing and is near what is known as Cemetery Hill.

All thru the battlefield and along the roads are some fine monuments erected to the memory of the soldiers who fought in the great three day battle of the Civil war. The finest monument is that of the State of Pennsylvania. It is 110 feet high and is said to have cost \$150,000. From the top of the monument one can get a fine view of the country and also of our camp.

Since being here I attended the church in which Lincoln sat on the day he delivered his famous Gettysburg speech. There are so many historic places to visit that I have been unable to get around to all of them, but want to do so before leaving here.

We are to leave here soon for another camp, but think that we will be in the U. S. for a while yet.

Our company is a live one and we are all anxious to cross the "pond" and take a chance at the "Hun." The whole camp of "Tankers" is sure a game bunch and we don't aim to stop until we float Old Glory over Berlin.

Haven't had the pleasure of meeting any Jacksonville boys here, don't expect we have any here. Bob Murray, the fellow I met from Springfield, Ill., left with his company last Sunday, went to a camp in this state. I think. Hope you are all well and able to stand the weather, if it is as hot in Illinois as it is here in Pennsylvania.

Must close as I want to attend the "movie" which is about to start in the next "Y" tent. Will write more next time, and will expect a letter from you soon. With love to all,
As ever,

Private L. L. Waterfield,
Co. A, 328 Battalion, Tank Corps,
Camp Colt, Gettysburg, Pa.

Mrs. Alice Charlesworth has received the following from her brother, Jack Vallery who wrote her at her home near Arenzville, while he was on ship board.

Tuesday, June 26, 1918.

Dear Sis:
Well how are you? I am feeling fine and dandy and hope you are the same. We are still on the water and I guess we will be in France when you get this. I saw some large fish, bigger than those in Indian Creek and had a fine

time; so far enjoying the trip fine. Well, how is everything in stringtown? Is Guss pretty busy? I guess wheat is not ripe yet. Has he got anybody to help him thru harvest yet? Ho wis Peg? Guess she is still at home. Tell her I said hello. Will write when I don't know much to write about. Will tell you all about it when I get back. Has John F. gone across yet or have you heard anything from him? Where is Jim? I don't know what we would do without the Y. M. C. A. They have movies on the ship; they haven't got much room for them; they show them in the mess hall. There's a fellow used to work on the Burlington Railroad, was a brakeman from Beardstown to St. Louis, been sleeping by me for some time, but didn't know it till last night. Well, guess I had better ring off. Hoping this reaches you well with love to all.

Jack Vallery.
Better send my mail to Washington, they will send it on.

MANCHESTER GIRL
WEDS AT CAMP SHELBY

Miss Marie Boston Becomes Bride of Elmer C. Mehrhoff—Wed Cross Made Shipments—Other Manchester News.

Manchester, Aug. 6.—Word has been received here of the marriage of Elmer C. Mehrhoff and Miss Marie Boston, which occurred in Hattiesburg, Miss., Tuesday, July 30. The groom is the son of William Mehrhoff of this place and Miss Boston has been located at Camp Shelby, Miss., where he is training for military service. Mrs. Mehrhoff will remain in Hattiesburg while her husband is located at Camp Shelby. Both young people have a host of friends in the community who extend sincere congratulations.

The wed Cross recently made a shipment of the following supplies to Winchester: 10 triangular bandages; 225, 8 by 4, bandages and 12 sweaters.

William Cooper, who is located at an aviation training camp in Indianapolis, was here Sunday to attend the funeral of his aunt Miss Martha Akers. He returned to Indianapolis Sunday afternoon.

Mrs. F. N. Collins and son, Floyd of White Hall, are visiting at the home of her parents Mr. and Mrs. J. J. Langdon Mr. Langdon is again confined to his home by illness.

Mrs. Harry Lemon, residing north of town, was removed to the Passavant hospital in Jacksonville Sunday, after being ill at her home several days. At present her condition is reported as being favorable.

Miss Esther Grant went to Beardstown Tuesday to visit relatives.

George Woodall of Winchester was a business visitor here Tuesday.

Mrs. C. N. Boyer has been the guest of relatives in Waverly the past few days.

Guy Brown made a business trip to Winchester Monday.

Mrs. John Wilson and daughter Lucile of Glasgow and Mor-

gan Story and mother, Mrs. Martha Story, left Monday for LaSalle to visit relatives. The trip will be made in Mr. Story's car.

R. B. Meek of Carrollton transacted business here Monday.

Miss Blanch Bray and sisters, Olive and Pauline of Jacksonville were guests at the home of Rev. and Mrs. F. T. Peters.

Miss Bessie Young of White Hall is visiting at the home of Mr. and Mrs. F. C. Lakin.

Mr. and Mrs. E. O. Hess and family spent Sunday with Mr. and Mrs. Robert Catlett and family in Scottville.

THE MOTHERS' SERVICE FLAG.
The following lines were written by Mrs. H. V. Davis, now of Colorado and formerly a resident of this city.
There's a Service Flag in the window,
An ache in my heart today.
For my laddie so young and precious
Has marched in the ranks away.

There's a silence reigning about me,
But the Service Flag in the window
Keeps whispering to me still.
Of the baby I bore and cherished,
The child whom I nursed and taught
Of the youth whose glorious promise,
My love and my care had bought.

There's a vacant chair at the table,
A home that is lost or won.
And a voice that's calling me "Mother."
I'm hearing alone in dreams.

And for my life's joys will be ended,
The cause be it lost or won.
If he comes not home with the others,
My beautiful, manly son.

Will he come to me, my own laddie,
Undamaged in limb and mind;
With his soul still honest and noble,
His heart just as clean and kind;

But I would not stop my dear laddie;
The cry of an outraged world,
Is a bugle sounding to duty,
With flags for the right unfurled.

There's a flag that hangs in the window,
And a peak like a voice divine;
It's asking a service from laddie,
A service that's his and mine.

There's a Service Flag in the window,
A pride in my heart today.
For my laddie so young and gallant,
Who marched in the ranks away.

—Mrs. H. V. Davis.

Fence and Barb Wire is scarce. To be able to fence your stock—Buy Now! Jacksonville Farm Supply Co. just unloaded a big car. Better fence cannot be found.

DINING HALL SERVICE PLANS PERFECTED
There has been up to this time some uncertainty as to who would be in charge of the dining hall during the chautauqua. Yesterday the directors reached an agreement with the ladies of the Morgan County Woman's committee of the national council of defense and this organization will have a charge of the service this year. A number of the women constituting this committee have had a considerable experience in serving and the chautauqua management feels well satisfied over the arrangement just made, knowing that patrons will be accorded satisfactory service.

LITERBERRY LADIES' AID SOCIETY MEETS
Mrs. Lee Scribner and Mrs. Walter Roach, hostesses at Pleasant Gathering Recently—Lee Scribner Sustains Injuries as Result of Fall—Other News Notes.
Mr. and Mrs. W. H. Harris and daughter Edith of Plainville are taking a vacation and visiting friends in our town.
Mr. and Mrs. Jesse Litter entered a dozen friends at a swell dinner on Monday.
The Ladies' Aid of the Baptist church met at the church on Thursday and were entertained by Mrs. Lee Scribner and Mrs. Walter Roach. Mrs. John Daniels led the meeting. Mrs. Walter Roach read Luke 23. Song, "He is the Savior of the Nation." Prayer by Mrs. M. M. Crum. Roll call, minutes and business.
Reading, "Missions in Japan," by Mrs. Clara Guy.
Song, "Are You one of the Ninety and Nine, Or one who has wandered away?"
Reading, "Does it pay to work for Jesus?" by Mrs. Warren Daniels.
Reading, "Ask Some one to go with you," by Mrs. D. K. McCarty.
Recitation, "Somebody's Mother," by Miss Eleanor Guy.
Offering.
Benediction.
Social hour.
Refreshments were excellent and in abundance.
The next meeting will be at "The Maples" with Mrs. Earl Rexroat.
Part of the railroad bridge over Little Indian was burned out Saturday afternoon, and while the section men were working on the repairs during the night, Mr. Lee Scribner, in some manner, fell thru the bridge to the ground, a distance of 25 or 30 feet and was pretty badly shaken up. There were no bones broken, but there was a dislocation of a shoulder blade, a broken rib, some broken teeth, some severe bruises on the chin, yet with all these hurts Mr. Scribner sits on his front porch and enjoys the visits of friends.

TAKE CARE OF ANIMALS.
During the present extreme heat, and in fact thruout the summer, great care should be taken to give all animals and especially horses, cattle and hogs plenty of water. All animals need lots of water in hot weather and unless they can get it from a stream or pond are likely to suffer unless troughs and places for watering are kept supplied. Drivers of horses should also use some sort of head covering to protect their horses in hot weather and also be careful not to drive them too fast or load vehicles too heavily.

ICED TEA
Drink it with lemon, and little or no sugar. Most healthful. Try our tea special.
SCHRAG-CULLY Coffee Co.
—Adv.

DOCTOR PRESCRIBES VINOL
For This Weak, Nervous Mother, Because He Knows the Formula
Jacksonville, Ill.—"I have a twenty months old baby and keep house for my little family, but go into a weak, nervous, run down condition, tired all the time and no ambition. My doctor told me to try Vinol and in a week, I felt like a new person. I am now strong again, look after my baby, and do all my household work."—Mrs. G. H. Lamson.
The reason we recommend Vinol, is because it is a constitutional remedy, containing beef and cod liver peptones, iron and manganese peptones and glycerophosphates, the most successful tonics known. For sale by all druggists.

CUBS TAKE FIRST FROM BROOKLYN
Mann Gets Home Run in Second With One on Base—Coombs Pitches Good Game—New York Defeats Cincinnati in Opening Game of Series—Other National League Games.
Brooklyn, Aug. 6.—Chicago defeated Brooklyn here today 6 to 3, despite excellent work by Coombs, who pitched for the Superbas. Chicago gained two runs in the first inning when Mack Wheat, misjudging a fly gave Leslie Mann a home run with another runner on base. The Brooklyn batsmen knocked Tyler out of the box in the fourth.

Boston Hits Hard.
Boston, July 6.—Boston batted Meadows hard today and won the

first game of the series from St. Louis 10 to 3.
Score:
St. Louis 000 000 120—3 10 0
Boston 212 401 000—10 15 5
Batteries—Meadows and Gonzales; Ragan and Wilson.

Pittsburgh, 10; Philadelphia, 2.
Philadelphia, Aug. 6.—Pittsburgh batted Prendergast freely and easily defeated Philadelphia today 10 to 2. Play was stopped in the seventh inning when W. J. Smith the Pittsburgh catcher collapsed from the heat, but resumed play after being rubbed freely with ice.

Score:
Pittsburgh 006 210 100—10 15 1
Philadel. 000 002 000—2 7 4
Batteries—Cooper and W. J. Smith, Schmidt; Prendergast and Adams, Devine.

THE MOTHERS' SERVICE FLAG.
The following lines were written by Mrs. H. V. Davis, now of Colorado and formerly a resident of this city.
There's a Service Flag in the window,
An ache in my heart today.
For my laddie so young and precious
Has marched in the ranks away.

There's a silence reigning about me,
But the Service Flag in the window
Keeps whispering to me still.
Of the baby I bore and cherished,
The child whom I nursed and taught
Of the youth whose glorious promise,
My love and my care had bought.

There's a vacant chair at the table,
A home that is lost or won.
And a voice that's calling me "Mother."
I'm hearing alone in dreams.

And for my life's joys will be ended,
The cause be it lost or won.
If he comes not home with the others,
My beautiful, manly son.

Will he come to me, my own laddie,
Undamaged in limb and mind;
With his soul still honest and noble,
His heart just as clean and kind;

But I would not stop my dear laddie;
The cry of an outraged world,
Is a bugle sounding to duty,
With flags for the right unfurled.

There's a flag that hangs in the window,
And a peak like a voice divine;
It's asking a service from laddie,
A service that's his and mine.

There's a Service Flag in the window,
A pride in my heart today.
For my laddie so young and gallant,
Who marched in the ranks away.

—Mrs. H. V. Davis.

Fence and Barb Wire is scarce. To be able to fence your stock—Buy Now! Jacksonville Farm Supply Co. just unloaded a big car. Better fence cannot be found.

DINING HALL SERVICE PLANS PERFECTED
There has been up to this time some uncertainty as to who would be in charge of the dining hall during the chautauqua. Yesterday the directors reached an agreement with the ladies of the Morgan County Woman's committee of the national council of defense and this organization will have a charge of the service this year. A number of the women constituting this committee have had a considerable experience in serving and the chautauqua management feels well satisfied over the arrangement just made, knowing that patrons will be accorded satisfactory service.

LITERBERRY LADIES' AID SOCIETY MEETS
Mrs. Lee Scribner and Mrs. Walter Roach, hostesses at Pleasant Gathering Recently—Lee Scribner Sustains Injuries as Result of Fall—Other News Notes.
Mr. and Mrs. W. H. Harris and daughter Edith of Plainville are taking a vacation and visiting friends in our town.
Mr. and Mrs. Jesse Litter entered a dozen friends at a swell dinner on Monday.
The Ladies' Aid of the Baptist church met at the church on Thursday and were entertained by Mrs. Lee Scribner and Mrs. Walter Roach. Mrs. John Daniels led the meeting. Mrs. Walter Roach read Luke 23. Song, "He is the Savior of the Nation." Prayer by Mrs. M. M. Crum. Roll call, minutes and business.
Reading, "Missions in Japan," by Mrs. Clara Guy.
Song, "Are You one of the Ninety and Nine, Or one who has wandered away?"
Reading, "Does it pay to work for Jesus?" by Mrs. Warren Daniels.
Reading, "Ask Some one to go with you," by Mrs. D. K. McCarty.
Recitation, "Somebody's Mother," by Miss Eleanor Guy.
Offering.
Benediction.
Social hour.
Refreshments were excellent and in abundance.
The next meeting will be at "The Maples" with Mrs. Earl Rexroat.
Part of the railroad bridge over Little Indian was burned out Saturday afternoon, and while the section men were working on the repairs during the night, Mr. Lee Scribner, in some manner, fell thru the bridge to the ground, a distance of 25 or 30 feet and was pretty badly shaken up. There were no bones broken, but there was a dislocation of a shoulder blade, a broken rib, some broken teeth, some severe bruises on the chin, yet with all these hurts Mr. Scribner sits on his front porch and enjoys the visits of friends.

TAKE CARE OF ANIMALS.
During the present extreme heat, and in fact thruout the summer, great care should be taken to give all animals and especially horses, cattle and hogs plenty of water. All animals need lots of water in hot weather and unless they can get it from a stream or pond are likely to suffer unless troughs and places for watering are kept supplied. Drivers of horses should also use some sort of head covering to protect their horses in hot weather and also be careful not to drive them too fast or load vehicles too heavily.

ICED TEA
Drink it with lemon, and little or no sugar. Most healthful. Try our tea special.

DOCTOR PRESCRIBES VINOL
For This Weak, Nervous Mother, Because He Knows the Formula
Jacksonville, Ill.—"I have a twenty months old baby and keep house for my little family, but go into a weak, nervous, run down condition, tired all the time and no ambition. My doctor told me to try Vinol and in a week, I felt like a new person. I am now strong again, look after my baby, and do all my household work."—Mrs. G. H. Lamson.
The reason we recommend Vinol, is because it is a constitutional remedy, containing beef and cod liver peptones, iron and manganese peptones and glycerophosphates, the most successful tonics known. For sale by all druggists.

didate for sheriff in the Democratic
ticket, subject to the primary
election.
George L. Stice

I hereby announce myself as a can-
didate for the Republican nomination
for sheriff, subject to the primary
election, September 11, 1918.
Henry G. Strawn.

I hereby announce myself as a can-
didate for the Republican nomination
for sheriff, subject to the primary
election.
V. R. Kelley.

I hereby announce myself as a can-
didate for the Democratic nomination
for sheriff, subject to the primary
election, September 11, 1918.
Geo. N. Woods

I hereby announce myself as a can-
didate for the Democratic nomination
for assessor and treasurer, subject
to the decision of voters at the primary
election, Sept. 11, 1918.
Grant Graff

I hereby announce myself as a can-
didate for the Democratic nomination
for assessor and treasurer, subject
to the decision of voters at the primary
election.
Charles S. Plack

I hereby announce myself as a can-
didate for the Democratic nomination
for assessor and treasurer, subject
to the decision of voters at the primary
election, Sept. 11, 1918.
Jerry Cox.

FOR COUNTY CLERK
I hereby announce myself as a can-
didate for the Democratic nomination
for assessor and treasurer, subject
to the decision of voters at the primary
election, September 11, 1918.
Charles H. James

I hereby announce myself as a can-
didate for the Democratic nomination
for county clerk, subject to the pri-
mary election to be held September
11, 1918.
C. A. Boruff.

I hereby announce myself as a can-
didate for the office of county clerk
of Morgan county subject to the de-
cision of the Republican voters at the
primary election, Sept. 11, 1918.
G. L. McKee

COUNTY CLERK.
I hereby announce myself as can-
didate for the office of county clerk,
subject to the Democratic primary,
Wednesday, September 11, 1918.
Charles E. Seymour.

FOR COUNTY JUDGE.
I hereby announce myself as a can-
didate for the Republican nomination
for county judge, subject to the de-
cision at the primaries on September
11th.
W. L. Armstrong

I hereby announce myself as can-
didate for the Republican nomination
for county judge, subject to the de-
cision at the primaries on September
11th.
Paul Samuel.

FOR CONGRESSMAN—
I hereby announce myself as a can-
didate for the Democratic nomination
for state representative from this dis-
trict, including Sangamon and
Morgan counties.
Henry T. Rainey

FOR GENERAL ASSEMBLY
I hereby announce myself as a can-
didate for the Republican nomination
for member of the general assembly,
from this district, subject to the
choice of the voters at the primary
election.
W. C. SHAFER

I hereby announce myself as a can-
didate for the Republican nomination
for state representative from this dis-
trict, including Sangamon and
Morgan counties.
Fred W. Wanless.

REPRESENTATIVE
I hereby announce myself as a can-
didate for the Republican nomination
for state representative from this dis-
trict, including Sangamon and
Morgan counties.
Henry J. Rodgers.

**NEW ADVANCES ON
CORN YESTERDAY**
CHICAGO, Aug. 6.—Belief that
the bullish effects of the hot wave
had been sufficiently discounted for
the time being had a restraining
influence in the corn market
today. New advances in price
took place, but were not held. The
close was unsettled, 1½c lower to
be gain, with Sept \$1.61½ to
\$1.62½ and October \$1.63½. Oats
finished ½c off to 46½c up and
provisions varying from 1-3c
down to a rise of 2c. Not only
did the buying corn lack urgency,
but it was plain that many large
commission houses had switched
to the selling side of the market.
The principal demand came from
shorts and thus the upturn in
values did not have substantial
banking. Continued torrid weather
and the absence of rain, more-
over, were somewhat offset by
the possibility that storms from
the northwest or from the gulf
would penetrate the corn belt.
Trade in provisions was only of a
scattering character.

**WORLD'S GRANDEST HEALTH
Builder Costs Nothing Un-
less It Gives to Women the
Buoyant Health They Long
For.**

It is safe to say that right here in
this big city are tens of thousands of
weak, nervous, run-down, depressed
women who, clear skin and eyes that
show no dullness, make up their mind
to get a package of Bio-feren right
away.
It costs but little and you can get
an original package at any drugist
anywhere.
Take two tablets after each meal
and one at bedtime—seven a day for
seven days—then you will feel
all are gone. Then if you don't feel
twice as good, look twice as attrac-
tive and feel twice as strong as you
were when you started, your money is wait-
ing for you. It belongs to you, for
the discoverer of Bio-feren doesn't
want a cent of it unless it cures
all claims.

Note to Physicians: There is no
need about the formula of Bio-feren.
It is printed on every package. Here
it is: Lecithin, Calcium Glycerol,
phosphate, Iron, Potassium, Magn-
esio, Potassium, Ext. Nux Vomica,
Powd. Gentian, Phenolphthalein,
Glycerin Capsicum, Kola.

SERGEANT BULLARD TALKS OF WAR WORK

Is Associated with Ordnance Department—Defends Men in Office Positions—Many Foreign Troops in New York—Soldiers Well Treated Everywhere.

Sergeant Edward Bullard who is connected with the ordnance department of the United States army is home on a few days furlough visiting with his mother, Mrs. Helen Ayers Bullard of No. 3 Duncan Place. He has been interested in the transportation side of the ordnance department for some time, making trips throughout the east and middle west in the taking care of the transportation of supplies and materials for the construction of one of the large smokeless powder plants, which the government is building in the east. Most of the material is being shipped from New York and Sergeant Bullard is working out from the New York office of the ordnance department.

Large Powder Plant.
In speaking of the construction of the several large powder plants he states that since last March when the government drew plans for the construction of such plants, that it will only be a short time now until the United States will be in a position to furnish all the powder needed by the allies, not only for the U. S. alone but the entire fighting force of the allies.

One of the most striking things that is seen in the east is the extensive movement of troops. Train load after train load is coming in the east and fill up the concentration camps which have just been vacated by troops being loaded on transports for overseas duty. The soldiers only remain in concentration a few days until they are sent overseas.

Another interesting place Sergeant Bullard spoke of, is the large munition factory which the government is building for the construction of large guns. It is predicted that this plant will be able to furnish more guns than the Krupp works of Germany. Before war was declared the U. S. depended upon private concerns to build all the necessary guns and equipment, but in war time they were not able to furnish them in sufficient amount and consequently the government is constructing a plant for such work.

Defend Non-Combatants.
In justice to the men of draft age who are holding desk positions in the eastern cities, and who are being criticised as slackers for not being in general service, Sergeant Bullard gives a very explicit explanation of the situation, saying that at the time war was declared the government could not muster enough competent men together at that time to carry on the necessary work, so it naturally used the enlisted men in these positions, only until competent men who were not enlisted could be secured to fill the places, and then the enlisted men would be taken into general military service.

He states that the men at the office positions are very anxious to get out of the offices and into the general service, but can not do so until enough civilians or limited service men can be secured to fill their places. This is being done as fast as possible. The office work of all of the departments requires wonderful organization and efficiency.

Many Foreign Troops.
In his various trips thru the east Sergt. Bullard said it is remarkable to see the number of foreign troops, especially in New York City. While there last week he saw a regiment of Australian soldiers who had come across the Pacific, thru the Panama Canal and by way of New York on their way to the front.

The week before that he saw a regiment of the Canadian Royal Garrison Artillery preparing to sail for overseas. All along the coast from Wilmington, Del., to New York City the whole country seems like a large manufacturing district, every factory sending out war materials and each shipyard constructing numberless ships.

Heard Senate Debates.
While he was in Washington on one of his trips he visited the senate and heard several of the debates, during the aeroplane investigation, and at a later visit heard the debates on the extension of the draft ages, profiteering, and a number of other interesting talks.

Sergt. Bullard has been fortunate in being where he was able to hear addresses by President Wilson, Secretary Baker, Secretary Daniels, Secretary McAdoo and General March. The theme of all was the necessity of pushing the work of the war as fast as possible so that the allies may be returned victorious as quickly as possible.

On his return to Washington next week Sergt. Bullard expects to be assigned to a machine gun school at Camp Hancock, which is conducted by the Ordnance Department for the training of officers.

Soldiers Well Treated.
The treatment accorded the enlisted men in the east is very hospitable. In New York City many canteens are established where the enlisted men may go and get their meals at cost.

Here also tickets are given the boys for any of the theaters they may wish to attend, or perhaps it is a ball game they want to see, tickets for these also are provided. It may be an auto ride is the desire. Then the soldier usually goes to Central Park and it is only a short time until some citizen will stop and ask him to ride for awhile. Everything that can be done in the east to make the enlisted man happy is done.

Fence and Barb Wire is scarce. To be able to fence your stock—Buy Now! Jacksonville Farm Supply Co. just unloaded a big car. Better fence cannot be found.

S. J. TOMPKINS COMING HERE
Samuel J. Tompkins has been transferred from Pekin to Jacksonville and will still be in the U. S. revenue service but will have nothing more to do with distilleries as he had, only in the way of bookkeeping, in the capital of Tazewell county. Morgan and Greene counties will be his territory and he will live in Jacksonville which will be welcome news to all who know him for he is the kind of a man whom any city might be proud to call a resident. His wife is a daughter of Mr. and Mrs. James Allen formerly residents of Lynnville precinct and a very estimable lady.

FISHED AT MEREDOSIA
Judge W. E. Thomson and son Kenneth, Fred Brockhouse and Stansfield Baldwin went to Meredosia on a fishing expedition Tuesday. The fish were not biting very good but despite this fact Stansfield Baldwin proved himself an expert fisherman. However, the men at the government fish hatchery were making a haul to get fish for an exhibit at the Illinois state fair and they were able to get all the fish they wanted. The editor of the Meredosia Budget was skeptical of Judge Thomson's fishing ability and insisted on looking at the mouth of the fish to see if they had hook marks.

VISITING RELATIVES
Mrs. H. M. Buland and daughter Betty of Parkersburg, W. Va., are in the city for a visit with Mrs. Buland's parents, Mr. and Mrs. S. W. Ingalls of West College avenue. Mr. Buland, who is director of athletics in the Parkersburg high school is engaged in directing playgrounds in that city this summer. It is probable that he will come to Jacksonville to accompany his wife and daughter home the latter part of the month.

G. P. DAVIS IMPROVING
A letter received by E. L. Kinney from his brother-in-law, George P. Davis, who is at Asheville, North Carolina, indicates that Mr. Davis is feeling much improved in health since he left Jacksonville. He is in a hospital and under the care of a physician and absolute rest has been prescribed. Already improved conditions have been noted and Mr. Davis feels that the course of a few months there will have been permanent improvement in his condition.

Ermin Keplinger and wife traveled from Waverly to the city yesterday.

FREIGHT MOVEMENT STRONGLY URGED

Railroad Administration Urgently Seeks Shipment of Winter Supplies Before Cold Days Come

The government's earnest desire to have the movement of freight speeded up before winter days is well emphasized in a circular letter just received by John J. Reeve as president of the chamber of commerce from Hale Holden, regional director of railroads. The letter reads as follows:

"In order to relieve transportation facilities of as much traffic as possible next winter, and to prevent a recurrence of the congested condition which existed last winter due to the great demand made upon the railroads, it is desirable to conduct an active campaign along the following lines:

"1. Induce industries located in your territory to store during the present summer months sufficient material to meet their needs for the coming winter.

"2. Urge wholesale concerns and distributors to persuade their customers to take immediate delivery of goods ordered or required.

"3. Encourage the use, whenever possible, of additional storage space for factory products, nearest to the point of ultimate consumption.

"4. Impress upon all shippers and receivers of freight the duties of transportation that are likely to occur this coming winter, and the necessity of preparing for blizzards and zero weather by taking advantage now of summer operating conditions.

"5. The storage of fuel only is of special importance and all shippers should be urged to stock up for their own protection.

"6. For the present, at least the question of early movement and storage of lumber should be held in abeyance since the needs of the government departments are extremely heavy, and it has not yet been determined what amount of transportation can be advised as to the amount of commercial lumber that may be transported with a view to giving all lumber yards some stock for use during the winter.

"7. The storage of coal is being handled by the Fuel Administration, whose efforts should be supplemented by that of the officers assigned to this work.

"This undertaking should be conducted in a thorough manner by a careful canvass of all industries, wholesale houses, jobbers, retailers and other receivers, and shippers of freight.

"Hale Holden, Regional Director."

Wanted—Nightmen at the Douglas Cafe.
Men desiring Comfort, style and service will be pleased with IDE COLLARS—recommended and sold by FRANK BYRNS' Hat Store.

CAREFUL ABOUT BONFIRES.
There is a great deal of trash about the city that is food for the flames and the temptation is to get it out of the way as soon as possible by setting it on fire. In the first place there is much danger this dry weather as grass will burn like tinder and disastrous fires might easily be started.

Then, too, there is complaint of the smoke nuisance which is anything but agreeable this hot weather so that considering the two objections persons should be wary regarding bonfires.

AN OLD TIME COIN.
Frank Bahan has a very valuable silver dollar which is indeed a curiosity. It is dated 1799 and is in an excellent condition evidently having lain in hiding most of its 119 years of existence. On one side is a bust of "Liberty" and the words, "One Dollar, United States of America." On the other side is the eagle with thirteen stars and the coat of arms. The edge is milled and the coin is clear and bright.

MEETING POSTPONED
The social meeting of the Ladies' Aid society of Centenary church announced to be held at the home of Mrs. T. H. Rapp Thursday afternoon has been temporarily postponed because of the accident which happened to Mrs. Rapp.

GORGAS CALLS FOR WOMEN FOR NURSES

Issues Statement Regarding Needs of Country at Present Time—Work to Be Carried On Under Direction of Woman's Committee National Council of Defense.

The statement from General G. C. Gorgas regarding the need of young women to train for a nurse is given hereunder. The work will be carried out under the direction of the Woman's division of the National Council of Defense and the local recruiting office is now open for enrollment in the Public Library.

"I want every young woman in the country, every woman between 19 and 35, to read carefully what I have to say, and to give it earnest attention. It is a message which every girl ought to welcome because it tells of an opportunity to help the nation.

"The army and the country face a shortage of nurses. The army alone will require something like twenty-five thousand nurses by the first of next January. We have secured about thirteen thousand of this number, we need twelve thousand more. We have got to have them or the army will run short—and this would be an outcome intolerable to the American people.

"Only graduate nurses who have been thru the full course of training are available for this high service. These nurses have to be taken out of the hospitals and from care of the sick at home. This means that when we recruit our full quota for the army their places in the civil communities must be filled. Hence this call for student nurses to fill the vacancies, prepare for professional service, and meanwhile to make it possible for our hospitals, both civil and military, to carry on, and for the American people to hold the health standards of the country as high as they have ever been in times of peace.

"If I were a young woman and wanted to do my country's greatest service in my power, I should go at once to the nearest recruiting station of the Woman's committee of the Council of National Defense and enroll in the United States Student Nurse reserve. This enrollment would at once make me a candidate for the Army Nursing School or for one of the civilian training schools for nurses. I cannot conceive of a more valuable service, a more womanly service. I can give every girl who enrolls in the reserve my personal assurance that she is making herself count, and I should be ashamed of any woman who did not long with all her heart and soul to make her self count in the defeat of Germany.

(Signed. G. C. Gorgas.

NOTICE
Mr. Johnston is in Virginia on business this morning, and The Johnston Agency will not be open until 1 p. m.

FOUR SERVICE STARS DUE CHAUTAUQUA MANAGEMENT
At a meeting of the directors of the chautauqua association L. T. Potter was elected director and treasurer to succeed Carl H. Weber now in the service.

Frank Merrill, assistant to the secretary in 1915; W. H. Kitzer, assistant in 1916 and Audrian Fox assistant in 1917 are all over in France in the U. S. army while Carl H. Weber has enlisted and is ready to go when called on, so the management is entitled to four service stars.

Thomas Jewsbury of Chapin was a city caller yesterday. A. J. Fraser of El Paso, Texas, spent yesterday in the city the guest of Mr. and Mrs. Thomas Scott. Mr. Fraser is a brother-in-law of Mrs. Scott. Mr. Fraser, who is a well known business man in El Paso, is on his way home after a business visit in Chicago and Detroit.

Special plate dinner, 11 to 1:30, 35c. Douglas Cafe. New management.

HOME FROM CHICAGO
Lee Wolke and R. L. Stice have returned from Chicago where they went to bring down two Oakland cars for the J. F. Claus Motor Co. They report doing suffering all the way down and farmers much discouraged. The roads out of Chicago were anything but good being rough and hard to travel in many places. They say they found the best roads, as a whole, in Morgan county.

Wanted—Boys over 16 to pin chickens; good wages. Apply Supt. Produce Co., Swift Co.

WISH SHE COULD DIVIDE
Miss Frances English, writing her parents from Waukazo Inn on the shores of Black Lake, an estuary of Lake Michigan, said that last Saturday it was so cool there that warm clothing had to be worn if they would be comfortable and a bit of fire on the hearth was acceptable.

CHAUTAUQUA TICKETS
now on sale at Journal office. Get them at the guarantor's price.

CHICKEN SHED ON FIRE
The fire department was called to the residence of A. R. Myrick, 817 East College avenue Tuesday evening at 6:05 o'clock. Fire had in some manner started in a small chicken shed. Neighbors extinguished the blaze before the arrival of the department with but little damage.

Paul Watkins, former Illinois college student known to a great many Jacksonville people, was here yesterday enroute from Petersburg to Camp Dodge, Iowa. He had been home on a three days furlough.

DR. TINGLE DIES AT HOME IN TORONTO

Well Known University Instructor Dead After Short Illness—Broke Down Health in Government Work.

James G. Capps received a telegram yesterday from his sister, Sarah Ellen Capps Tingle announcing the death of her husband, Dr. J. B. Tingle which occurred at Ottawa, Canada, Tuesday morning.

Dr. Tingle was formerly a member of the faculty of Illinois college holding the chair in chemistry of McMasters University was united in marriage here thirteen years ago to Miss Sarah Ellen Capps, who survives together with three children.

Recently Dr. Tingle has been at the head of the department of chemistry at McMasters University at Toronto, Canada. Since the outbreak of the war he has been devoting his time to research work for the government along the line of explosives. Evidently Dr. Tingle overworked himself for recently he suffered a break down and pernicious anaemia developed which resulted in death. Burial will be made in Ottawa, Canada and it is probable that Mrs. Tingle and children will return to Jacksonville to reside.

IDE COLLARS have proven superior in many tests. They wear longer, look better, and fit more comfortably. Recommended and sold by FRANK BYRNS' Hat Store.

MR. VAUGHT IMPROVING.
Edgar E. Crabtree returned yesterday from a ten days' vacation visit to Omena, Mich., where Mrs. Crabtree and their son, Farrell Crabtree, are spending the summer. In Traverse City last Sunday Mr. Crabtree saw L. O. Vaught at the hospital and said yesterday that Mr. Vaught is a remarkable patient and is making very rapid progress toward recovery. The serious injury which Mr. Vaught received in a runaway accident has previously been mentioned.

AT CAMP TAYLOR
The Journal is in receipt of a communication giving the names of 20 Morgan county soldiers who are members of Battery C, 7th Battalion F. A. R. D., at Camp Taylor. The writer of the letter who did not indicate his name, stated that the soldiers named are under quarantine on account of the mumps and are so unable to leave their barracks. If, as stated, the men are under quarantine and unable to leave their quarters, it goes without saying that gifts of cigarettes and tobacco will be appreciated. The men named in the list are as follows:

Roy Goodrick, Eugene Keete, John J. Nunes, Andrew Vieira, Howard Rhodes, Dorris Floreth, Claude Dotson, Royal Kratz, Henry Deatherage, Everett Mann, Edward McCollister, Albert Pruitt, Ross Abell, Henry Scott, John Henry Clendenen, Phillips, Orval Dickens, Ralph J. Masters, Henry Kitzer.

WANTED — MECHANICS C. N. PRIEST The Ford Man

SAVE PROGRAM AT ALEXANDER
A program of readings and musical numbers was given in the M. E. church in Alexander Tuesday evening by Misses Helen Sorrells, Bernice Woods, Mabel Wyatt and Hilma Franz. These young women are donating their talents to programs in various places throughout the country for the benefit of the Red Cross. There was a large attendance at Alexander Tuesday evening and the free will offering taken at the door totaled nearly \$40.

PRAYER MEETING SERVICE
The regular prayer meeting of the Centenary church will be held this evening in the church parlors at 8 o'clock. The subject will be, "What Would Happen if Every One Should Forget to Pray for a Year." This will be the last prayer meeting before the pastor takes his vacation, and he is desirous of a large attendance.

GREAT THRESHING RECORD.
Henry Ruble in a report just made to C. T. Mackness tells of the splendid run of threshing which he recently had for George Wackerle, Sr., and son, on their farm in the Alexander neighborhood. In a 10 hour run Mr. Ruble threshed out 3,690 bushels of oats. He has an excellent outfit and the oats were very heavy. A run practically without interruption made this record possible.

GOING TO TOLEDO
John Berger, Verne Rexroat and G. W. Arundel expected to leave this morning for Toledo to bring home some Overland cars for the Overland Berger-Pine company, it being better to drive than to ship them.

A Cool Breakfast for warm weather

The Standard of Excellency

The proof of the pudding is in eating it, not in chewing the string. Therefore, the proof of plowing is to ask the user about the Emerson Gang and Sulky, the lightest draft, the easiest handled, and most durable plows on the market. Watch the team smile when hitched to an EMERSON.

—LIGHTEST DRAFT—

Note the distance from front wheel to rear wheel. All in a bunch, your load close to team and all the load carried on the wheels. Our lock for holding plow in the ground is closer to the front of the plow than on any other make, which assures that the plow will stay in the ground better, and the draft is always downward. We believe this the only correct method of locking and holding plow in the correct position. A perfect solid wheel boxing, oil tight, dust proof, running on a four to six inch longer bearing than any other make, and also a larger wheel. These above facts assure you light draft.

—EASIEST HANDLED—

Both hand levers on the right side and assisted by raising springs. By so placing the hand levers it is easy to get on or off plow. The foot lever for raising and lowering plow is on the left side, which also makes it extra convenient. The foot lever has more power than any other make, which allows the operator to force plow into the ground or raise it out with very light points which eliminates the torsional feature until you have seen it operate.

—MOST DURABLE—

Wheel and wheel bearing practically indestructible. Double bail, proven by all manufacturers the most durable. Frame is one single piece of high carbon steel, connected to rear axle by extra strong malleable casting with extra long bearings. The hand axle extends across the frame, attaching to both ends, with extra heavy bracing at front end. Bail brackets attached close to the under side of frame. Bails are short and farther apart at the pivot points which eliminates the torsional strain on the frame caused by most constructions. The plow bottom has an extra heavy steel frog and the only real successful quick-detachable share made. Extra case hardened soft center moldboard and share giving best scouring qualities. Also, perfectly running rolling couler.
